Clayton M. Wilcox, Superintendent

Adopted August 13, 1998
(As Revised through January 9, 2003)
Mission Statement

The mission of the East Baton Rouge Parish School System, owned jointly with the community, is to provide quality education which will equip all students to function at their highest potential in a complex and changing society, thereby enabling them to lead full, productive, and rewarding lives.

Introduction
Introduction

The document and appendices that follow constitute a bond with our community. We have spent hundreds of hours with members of this community developing not just the over-riding principles which govern this document, but hours with community groups, leaders of organizations and individual citizens, first building the plan and then refining each of the component parts of the plan. We are proud of what follows, because we believe that it builds upon and continues a movement begun over five years ago -- a movement based on a simple yet compelling idea that this community deserves a vibrant public school system. This community deserves a school system that is accountable for its service to children and their families and a system accountable to the community for the stewardship of its resources. We believe that we are on our way to being that system.

We believe that becoming a vibrant public school system means many things to many people. We believe that all in this community believe that at its core, the system must provide a rigorous academic curriculum for all of its children. Young people must leave this system with the skills to compete in any marketplace, whether here in Baton Rouge or across this nation. They must be able to compete within a global economy using the technologies of today and those not yet imagined in tomorrow’s arenas. And, we must provide these services to your children and families within safe and caring environments today.

Thanks to you, the public, we have made significant progress in meeting these challenges in serving your families and this community. We have done what we promised during the first five years of our commitment to the community -- we have replaced roofs -- window and central air conditioning systems -- we have installed more energy efficient heating and lighting systems and we have corrected code violations and made up for years of neglected maintenance needs. We have added millions of dollars in technology, opening windows to the world for our students and teachers. Leveraging federal funds, we have nearly met our goal of having one networked computer for every five children in the system. These efforts and others have allowed us to improve both teacher and student performance as we strive to meet our state mandated performance goals. We have done all of this on time and within the budget constraints of a pay-as-you-go plan. Each project is a matter of public record, and we have been proud to open both our books and facilities to the public for its inspection. We believe that we have earned the community’s trust for our stewardship of the one cent sales tax. We are now ready to move forward on the work planned for the second five years. We will, of course, need the community’s continued support for this next generation of projects. While the first years of the plan were designed to stabilize the system, this plan is designed not only to protect the community’s investment, but to take the community further, creating schools that all children deserve, and can point to with pride.
Within this document you will find three distinct propositions and the materials that support our request of the community. Proposition 1 focuses on Facilities and Technology. Proposition 2 maintains and continues the school system’s effort to address discipline, truancy and alternative education. Proposition 3 continues your support of employee salaries.

Proposition 1 continues to focus on Facilities and Technology. While it specifically lists the major renovations, facility improvements, and maintenance projects planned for the system, it also provides the new facilities which will allow us to meet the challenges of tomorrow. Inherent in planning for new facilities in systems with declining student numbers is the concept of school consolidation and school closings. Over the “life” of this tax renewal, thirteen or more facilities will be closed as schools or administrative sites as a result of the actual budgeting process. The actual facilities expected to be closed are dependent upon the accuracy of demographic projections prepared for the system, the condition of specific facilities over time and the actual location of facilities relative to the services which must be provided by the system within the community. The administration and School Board are committed to reviewing each of the data sets currently available to them as well as looking at new data provided by the community as specific plans to close or eliminate facilities mature. The Board is also committed to appropriately closing facilities when such decisions are necessary while working with community members to find attractive alternative uses for facilities scheduled to be closed. The Board is sensitive to its obligation to the community with regards to historic sites and properties. Furthermore, the Board understands the impact of abandoned properties on neighborhoods and the quality of life surrounding such properties.

It is critical to point out here that while this tax plan supports the reconstruction and renovation in areas where schools are projected to be either closed or “re-purposed”, the need to close facilities is real and to a large extent, independent of the continuation of the current tax plan. In order to be fiscally responsible and meet the challenges of the twenty-first century, this system will have to significantly reduce the number of facilities in operation given overall student population. In the business vernacular, this school system must “right-size” itself by allowing operational dollars to flow from supporting underutilized facilities to serving students.

Propositions Two and Three are continuations of this system’s efforts to improve the classroom experience for this community’s children and young people. Proposition Two removes disruptive children from regular classrooms and provides alternative instructional approaches, and Proposition Three maintains this community’s support for its teachers and support employees.

This is a comprehensive plan developed by hundreds of community members, citizens just like yourselves who have one over-riding belief that this community deserves a vibrant public school system, one which provides a wonderful education to all of its children.
Intent of the Plan

The intent of the East Baton Rouge Parish School Board’s Plan to improve Facilities/Technology, Discipline, and Compensation is to improve education by continuing:

- To upgrade facilities for optimal safety, health and comfort;
- To provide technology for the acquisition of basic skills and tools for the workplace so that students are competitive;
- To reduce disruption in the classroom;
- To provide appropriate learning environments for academically deficient students;
- To reducing truancy;
- To provide more effective alternative education; and
- To improve the recruitment and retention of highly qualified personnel with competitive compensation.

Community Involvement

The Plan is proposed to the taxpayers of East Baton Rouge Parish after extensive consideration of the community’s educational needs today and for the foreseeable future, with the input of many citizens in the community in the areas of facilities and technology, compensation, discipline and alternative education.

The proposed renewal continues the publicly supported desire of this community by providing funds through a 1-cent sales tax. This “pay as you go” plan, when renewed for five additional years, provides the community an assurance that the school system will use the dollars generated by the sales tax for specific, publicly stated purposes.

The Plan:

- Targets continued measurable improvement in both facilities and student achievement;
- Focuses on performance standards for students and staff;
- Provides improved services through a more focused community-based school concept;
- Continues to provide safe/dry facilities for all the parish’s young people and enhanced learning environments; and
- Is fiscally responsible and prudent in the application of this community’s resources.
The components of the Plan are designed to be measurable, thus holding the School Board accountable for the results of the Plan and the prudent management of taxpayer dollars.

The Plan anticipates the closure of at least 13 or more facilities, including administrative sites, over the life of the plan. The specifics of the closures have not been outlined in the Plan because the actual closures will be based on demographics as well as issues related to maintenance and structural issues which will be evaluated each year and could be modified. Tremendous community input has been received and is inherent in the development of the Plan. The School Board and staff respect the concerns of the community and strive to continue to remain fiscally responsible in its decisions.

**Demographics**

The East Baton Rouge Parish School System is comprised of nearly 52,000 students; 73% are black and 27% are non-black. Approximately 68% participate in free or reduced-priced lunches. Data from the 1999-2000 school year indicate that the dropout rate was nearly 13% for high school students. Also, for the 2000-2001 school year, the attendance rate was 96% for elementary students, 93% for middle school students, and 91.4% for high school students.
Accountability Plan for Curriculum and Instruction

Introduction

In 1999, the state of Louisiana implemented a comprehensive accountability plan modeled after similar systems in Texas, Kentucky, and other states. The accountability plan outlines four major goals for all public schools, creates a method for reporting school progress to parents, recognizes schools that make progress toward state goals, and focuses extra resources and attention to schools that are failing. The East Baton Rouge Parish School System has developed curricula to comply with the Louisiana Standards and Benchmarks, has implemented school improvement teams and district assistance teams, and has developed standards-based assessments in an effort to support the achievement of the state’s ten-year goals.

Recently passed federal legislation, No Child Left Behind Act, will impact the future direction of the state and district accountability plan. Changes have not been fully determined at this time; however, the state and district will comply with all of the regulations as specified by federal and state law.

Performance Standards for Teachers and Students

A foundation for educational improvement in the East Baton Rouge Parish Public School System was the establishment of performance standards for students and staff and the continuous monitoring of outcomes related to the standards. In 1999, the state of Louisiana implemented an accountability plan that set ten-year goals for public schools. These goals were based on four indicators: a) performance levels on the LEAP 21 or GEE 21 criterion-referenced tests at grades 4, 8, 10, and 11, b) percentile ranks on the Iowa Tests norm-referenced tests at grades 3, 5, 6, 7, and 9, c) student attendance, and d) student drop-out rates. The State Accountability Plan states that all public schools will:

- Have an average student score of BASIC on the CRT (LEAP or GEE 21);
- Have an average score at the 55th percentile on the NRT (Iowa Tests);
- Have an average attendance of 95% at K-8 and 93% at 9-12; and
- Have an average drop-out rate of 4% at 7-8 and 8% at 9-12.

The new federal legislation, No Child Left Behind Act, has implications for the state accountability plan. As those implications become clearer, with respect to changes required by the East Baton Rouge Parish School System’s Teacher and Student Performance Standard, the system will embrace those changes which improve our efforts on behalf of this community’s young people.

Performance Standards for Staff

The focus of the East Baton Rouge Parish School Board’s accountability plan is on student achievement and educational improvement.
Philosophically, the beliefs are:

- All students can learn.
- Good teaching increases the opportunity for student learning.

Student Achievement
Educational Improvement

Continuous staff development for new and veteran teachers is essential to meeting learner needs.

Good teaching and effective supervision are clearly defined in the job descriptions for teachers and principals and in the components for effective teaching that are included in Exhibit B*. The core of these components is expressed below.

**Teachers are expected to:**

- Plan effectively for instruction;
- Maintain an environment conducive to learning;
- Maximize the amount of time available for instruction content;
- Provide opportunities for student involvement in the learning process; and
- Assess student progress.

---

* East Baton Rouge Parish Personnel Accountability Plan (Revised June 2000). See Exhibit B. This plan is required by the Louisiana Department of Education and conforms to the specifications of Bulletin 1525, Louisiana Department of Education: Guidelines for Personnel Evaluation.

Also see [http://www.doe.state.la.us](http://www.doe.state.la.us) for additional information.
Principals and other professional employees are expected to:

- Provide leadership;
- Exhibit effective human relations skills;
- Involve families and community members in the decision-making process; and
- Provide for the effective management of the school and/or school system.

In addition, the East Baton Rouge Parish School Board holds high expectations for conduct that is in keeping with:

- Professional norms;
- Traditional notions of civility in the workplace; and
- Performance that is directly linked to accountability in student discipline and in student learning.

All employees are expected to accord dignity and respect to:

- Students;
- Families;
- Community Members; and
- One another.

These expectations are monitored regularly. In instances when the performance standards are not met, employees, including teachers and principals, are subjected to progressive discipline as defined in the EBRPSS Personnel Accountability Plan and as described procedurally in the EBRPSS Risk Management Plan. Ultimately, East Baton Rouge Parish School System employees either improve to the point of meeting or exceeding performance standards or, as in other businesses, corporations or industries, they are dismissed from employment.

The system is committed to placing highly qualified teachers in all classrooms who are dedicated to teaching students the next thing they need to know when they need to know it.

The intent is to have all employees provide a seamless array of services to:

- Students;
- Families; and
- Community

* Represents balances brought forward from each Proposition in the original Tax Plan (99-04) and will continue to support expenditures through 04-10.
Accountability
Accountability

The East Baton Rouge Parish School Board shall continue the separate accounting funds in connection with all amounts collected pursuant to any tax voted upon in connection with the Plan, or any portion of this Plan, so as to ensure that any amounts collected in connection with any individual proposition will be accounted for in separate accounting funds. If any amounts remain in any such accounting funds upon the conclusion of the period of collection of any such tax, then such remaining amounts will be spent in the future only for a purpose set forth in the original proposition relating to such amounts.

The School Board shall continue to prepare a semi-annual report for each and every semi-annual period during which any tax is collected for purposes of this Plan, or any portion of this Plan. The semi-annual reports shall address the issue of whether the expenditures made by the School Board from the accounting funds referred to above were in accordance with the Plan. The semi-annual reports shall be presented at a public meeting of the School Board, and the School Board shall ensure that each such report is made available to the press and the public in the same manner as any other public record.

The Plan

The provisions of the Plan, or any portion of this Plan, pursuant to each proposition for which taxes are collected, cannot be modified except to accommodate unforeseen events, emergencies, and variations in estimates. Any such modification must be minor in relation to the intent of the Plan.

If the School Board determines that there is need to consider a possible modification of this Plan, or any portion of this Plan, before any possible modification can be considered, the School Board shall at least ten (10) days prior to considering any possible modification:

1) Place a prominent notice in the official journal of the East Baton Rouge Parish School Board indicating that a possible modification to the Plan, or a portion of the Plan, will be considered at a public meeting of the School Board and indicating the specific date of the meeting and the specific possible modification; and

2) Notify the members of the Oversight Committee referred to below in writing of the possible modification to the Plan, or a portion of the Plan, and the specific date of the meeting when the same shall be considered.

The Oversight Committee referred to below shall have the right to make any report or written comment in regard to the proposed modification as it deems necessary and any such report or written comment of the Oversight Committee shall be presented at the public meeting of the School Board where the proposed modification is being considered and shall be made available to the press and public in the same manner as any other public record.
Oversight Committee

The School Board shall continue with the established Oversight Committee upon the passage of any tax voted upon in connection with this Plan, or any portion of this Plan.

The Oversight Committee shall continue to be comprised of five individuals who reside in East Baton Rouge Parish, Louisiana. Three of these individuals shall be finance or accounting professionals who shall be appointed by the School Board and, if possible, these three professionals shall consist of:

1) A faculty member employed by Louisiana State University;
2) A faculty member employed by Southern University; and
3) A Certified Public Accountant employed in the private sector (who shall be recommended by the Baton Rouge Chapter of the Society of Louisiana Certified Public Accountants or some other similar organization).

The three members appointed by the School Board shall select the remaining two members of the Oversight Committee.

The functions of the Oversight Committee shall continue as follows:

1) To review the semi-annual reports prepared by the School Board which are referred to above and to make any responses to such reports as the Oversight Committee deems appropriate;
2) To prepare its own reports whenever, and to the extent that, it deems necessary; and
3) To prepare, if it deems necessary, a report or written comment in regard to any possible modification of the Plan, or any portion of this Plan.

The School Board shall ensure that the staff of the East Baton Rouge Parish School System provides sufficient documentation and assistance to the Oversight Committee so as to allow the Oversight Committee to properly and timely perform all of the above functions.

All of the responses of the Oversight Committee which are referred to above and all other reports or written comments prepared by the Oversight Committee shall be presented at public meetings of the School Board, and the School Board shall ensure that each such response, report, or written comment is made available to the press and public in the same manner as any other public record.

The members of the Oversight Committee shall serve without compensation.
Proposition No. 1
EAST BATON ROUGE PARISH
EDUCATIONAL FACILITIES IMPROVEMENT DISTRICT

PROPOSITION NO. 1

SUMMARY: FOR THE PURPOSE OF FUNDING REPAIRS AND RENOVATIONS, ENHANCING TECHNOLOGY, CONSTRUCTION OF NEW CLASSROOMS AND CONSTRUCTION OF NEW SCHOOLS IN THE PUBLIC SCHOOL SYSTEM IN EAST BATON ROUGE PARISH, SHALL A NOT TO EXCEED 0.51% SALES AND USE TAX CONTINUE TO BE LEVIED FOR AN ADDITIONAL FIVE (5) YEARS?

For the purpose of assisting the East Baton Rouge Parish School Board (the “School Board”) in funding repairs and renovations, enhancing technology, construction of new classrooms and construction of new schools in the public school system in the East Baton Rouge Parish Educational Facilities Improvement District, Louisiana (the “District”), as set forth in and subject to “A Plan to Improve Facilities/Technology, Discipline and Compensation in the East Baton Rouge Parish School System” (the “Plan”) approved by the School Board on August 13, 1998, shall the District, under La. R.S. 33:2740.37 and other constitutional and statutory authority, be authorized to continue to levy and collect a tax of not to exceed fifty-one hundredths of one percent (0.51%) (the “Tax”) upon the sale of retail, the use, the lease or rental, the consumption, the storage for use or consumption of tangible personal property and on sales of services in the District, all as defined in La. R.S. 47:301 through 47:318, for a period ending five (5) years from the Tax's new effective date, except that the sale at retail, use, consumption, distribution, and storage for use or consumption of food and prescription drugs shall be exempted from the Tax, with Tax proceeds (after paying costs of collection and administration) to be dedicated for the purposes listed above; provided that the District may only levy so much of the Tax to fund portions of the Plan not requiring approval of the federal court or for which approval has been received?
Proposition 1
Facilities/Technology
for
New School
Construction

Benefits to Students, Parents and Teachers:

- Provides appropriate educational spaces that are more conducive to teaching and learning;
- Constructs facilities designed to improve safety and security;
- Provides special program and laboratory spaces;
- Provides additional program and teacher / staff areas to accommodate multiple instructional delivery methods; and
- Increases technology implementation and accessibility.

Benefits to Taxpayers:

- Reduces operational cost through energy efficient design;
- Reduces school system liability; and
- Enhances school system assets and investments.

Considering the physical conditions of McKinley Middle, Central Middle and Winbourne Elementary, it is recommended that the current facilities be replaced. Continuing to make minor repairs, the cost to address ADA compliance impacts and the educational unsuitability render these facilities inefficient and inept for long term operation. Due to the current overcrowded schools and projected population growth in the southeast part of the parish, a new middle school and a new elementary school are planned for construction in this area. New elementary schools will be constructed in the midtown / inner city area and on the Old Capitol Middle School site.
These new facilities will result in the relocation, consolidation, re-use and closure of existing schools. The final number and locations will be determined by future demographic and enrollment data.

Facilities/Technology
for
School Renovations
and Improvements

Benefits to Students, Parents and Teachers:

- Provides appropriate educational spaces that are more conducive to teaching and learning;
- Improves safety and security;
- Provides special program and laboratory spaces;
- Provides additional program and teacher/staff areas to accommodate multiple instructional delivery methods; and
- Increases technology implementation and accessibility.

Benefits to Taxpayers:

- Reduces operational cost through energy efficient design;
- Reduces school system liability; and
- Enhances school system assets and investments.

The following infrastructure improvements are recommended in order to provide a safe, healthy and comfortable physical environment conducive to the educational process for the students, parents, faculty and staff of the East Baton Rouge Parish School System. In an effort to continue to address many of the deferred maintenance needs throughout the district, this proposal is based on the assumption that current General Fund allocations will continue for maintenance.
**Major Renovations**

Renovations consist of a combination of classroom improvements, ADA corrective measures, gymnasium, auditorium, library & administrative area renovations, athletic improvements, cooling of unconditioned spaces and moisture proofing. Specifically;

**Scotlandville High School:**
Classroom improvements and repairs and renovations to the library, gymnasium, auditorium and administrative areas will be performed. Elevators will be installed to provide ADA accessibility throughout the academic buildings. Additional cooling will be provided to the gymnasium, auditorium and cafeteria. The athletic complex will be improved with the installation of a lighted football / soccer field, running track and a 1,500 seat stadium.

**McKinley High School:**
Classroom improvements and repairs and renovations to the main entrance and administrative area will be made. Ramps and elevators to provide ADA accessibility throughout the academic buildings and at the main entrance will be installed.

**Baton Rouge Magnet High:**
Classroom, gymnasium and athletic complex will receive general improvements and extensive moisture proofing will be performed throughout the facility.

**Scotlandville Middle School:**
Scotlandville Middle School will be converted to an elementary school and will receive classroom improvements, repairs and renovations to the gymnasium, library, cafeteria, and administrative areas resulting in a facility which meets the current educational specifications for an elementary school.

**Central High School:**
As part of the construction of the new Central Middle School, the existing high school athletic fields, which are currently located on the middle school site, will be relocated to the high school. The existing high school will receive a lighted football / soccer field, running track, 1,500 seat stadium and concession / restroom facility.

**Classroom Renovations and Additions**

Classroom improvements will consist of a combination of new flooring, painting, ceilings, lighting and specialty items (marker boards, tack boards, projection screens, and cabinetry). New classrooms will also be constructed in the parish to accommodate student enrollment increases due to re-districting and shifts with the community’s demographic base.

**Facility Renovations & Improvements**

Facility improvements will consist of a combination of new flooring, painting, ceilings, lighting, specialty items (marker boards, tack boards, projection screens, and cabinetry), moisture proofing, window replacements and new cooling.

**HVAC Maintenance Services**

The anticipation of the HVAC Maintenance services will be to protect the more than 11 million dollar investment that has recently been devoted to the HVAC systems by the current Tax Plan Program. This service will not only alleviate the future cost for major air handling and control replacements of current equipment, but it will also provide energy savings through the method of more efficient controls. Furthermore, it will provide an improved and more consistent delivery of services, which will result in fewer disruptions to the educational process.

Facilities/Technology for Technology

Benefits to Students, Parents, and Staff:

- Provide for the addition and replacement of computer workstations for student and staff use;
- Provide for the maintenance, replacement, and upgrading of electronic components of the district’s wide-area network; and
- Continue and enhance school-based technology support services to all schools in the district.

Proposition 1 of the initial Five Year Plan to Improve Facilities/Technology, Discipline and Compensation provided for the implementation of the school system’s wide area computer network serving all schools and administrative sites throughout East Baton Rouge Parish with high-speed data and Internet connectivity. The initial plan has also provided the system with a staff of school-based network specialists to maintain and support this parish-wide network.

The continuance of the technology area of Proposition 1 will provide funding to allow the East Baton Rouge Parish School System to:

1. Purchase modern computer workstations to both replace obsolete equipment and to provide additional computer access to students. At current academic pricing, the plan will provide for the purchase and integration of 950 computer workstations annually or 4,750 units over the five-year period at a cost of $4,987,500.00.

2. Purchase upgraded core routers for each school and administrative site to replace obsolete equipment and to provide network operational redundancy. At current pricing, the plan will provide for the purchase of 19 routers annually or 95 units over the five-year period at a cost of $817,000.00.

3. Purchase upgraded network switches for each school and administrative site to replace obsolete equipment, to provide additional network connectivity for additional computer workstations, and to provide network operational redundancy. At current pricing, the plan will provide for the purchase of 275 switches annually or 1,375 units over the five-year period at a cost of $2,062,500.00.
4. Purchase uninterruptible power supply units for each school and administrative site to provide battery backup and electrical surge protection for the core router, core switch, and other primary network electronics. At current pricing, the plan will provide for the purchase of 19 UPS units annually or 95 units over the five-year period at a cost of $80,750.00.

5. Provide continued funding for the salaries and benefits of 19 network specialists to maintain and support the operation of the district's wide area computer network at a cost of $3,583,065.36 over the five-year period.

Proposition No. 2
EAST BATON ROUGE PARISH
EDUCATIONAL FACILITIES IMPROVEMENT DISTRICT

PROPOSITION NO. 2

SUMMARY: FOR THE PURPOSE OF IMPROVING THE EDUCATIONAL ENVIRONMENT FOR ALL STUDENTS OF THE EAST BATON ROUGE PARISH SCHOOL SYSTEM BY IMPROVING DISCIPLINE, PROVIDING FOR ALTERNATIVE EDUCATION AND REDUCING TRUANCY IN PUBLIC SCHOOLS IN EAST BATON ROUGE PARISH, SHALL A NOT TO EXCEED 0.08% SALES AND USE TAX CONTINUE TO BE LEVIED FOR AN ADDITIONAL FIVE (5) YEARS?

For the purpose of assisting the East Baton Rouge Parish School Board (the “School Board”) in improving the educational environment for all students of the East Baton Rouge Parish School System by improving discipline, providing for alternative education and reducing truancy in public schools in the East Baton Rouge Parish Educational Facilities Improvement District, Louisiana (the “District”), as set forth in and subject to “A Plan to Improve Facilities/Technology, Discipline and Compensation in the East Baton Rouge Parish School System” (the “Plan”) approved by the School Board on August 13, 1998, shall the District, under La. R.S. 33:2740.37 and other constitutional and statutory authority, be authorized to continue to levy and collect a tax of not to exceed eight hundredths of one percent (0.08%) (the “Tax”) upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption of tangible personal property and on sales of services in the District, all as defined in La. R.S. 47:301 through 47:318, for a period ending five (5) years from the Tax’s new effective date, except that the sale at retail, use, consumption, distribution, and storage for use or consumption of food and prescription drugs shall be exempted from the Tax, with Tax proceeds (after paying costs of collection and administration) to be dedicated for the purposes listed above; provided that the District may only levy so much of the Tax to fund portions of the Plan not requiring approval of the federal court or for which such approval has been received?
Proposition 2

DISCIPLINE
ALTERNATIVE EDUCATION
TRUANCY

To improve the teaching/learning environment in the East Baton Rouge Parish School System, aggressive steps must continue to address classroom disruptions and create focused instruction to meet individual students’ academic needs.

The proposed components that will continue to address such critical matters are:

**Elementary Schools:**
- Continue a zero tolerance plan for classroom disruptions that prevent the classroom teacher from being effective;
- Continue to provide alternative learning environments for students who are two or more grade levels behind; and
- Reduce the number of students assigned to one teacher in grades K and 1.

**Middle and High Schools:**
- Continue with an alternative school for 160 students in grades 5 – 8 that are two or more years older than their peers;
- Continue to provide additional space for student discipline centers; and
- Continue to provide additional resources to existing alternative education sites that promote behavioral changes in students.

**Truancy:**
- Continue to provide additional resources to work with such students and their families; and
- Enforce the legal consequences for non-compliance with the law.

The fulfillment of these aforementioned expectations will require additional classroom space, teachers, specialist, and on-going training for personnel. The specifics of this Plan follow.
DISCIPLINE/ALTERNATIVE EDUCATION/TRUANCY for Elementary Schools

Benefits to Students, Families and Teachers:

- Immediate short-term removal of disruptive students from the regular education classroom;
- Safe and orderly instructional settings;
- Lower teacher-pupil ratio; and
- More students reading and computing on grade level by the end of their second grade year.

In an effort to provide consistency in all elementary schools with programs focusing on appropriate student behavior, a character education program will continue to be implemented at all sites through the elementary guidance program and continued staff development is ongoing. Cost for training the counselors as well as purchasing necessary support materials is generated through the system’s General Fund Budget and partnership with the private sector in concert with the mayor’s community initiative.

In order to provide for zero tolerance in the classroom with immediate removal of students whose disruptive behavior is preventing the classroom teacher from teaching and other students from learning, **Time Out Rooms (TOR)** will continue to be implemented on all 56 elementary campuses. These Time Out Rooms will be used for emergency removal of disruptive student is grades K-5.

Because 27 elementary schools currently have Parent Liaisons that act as Time Out Room Moderators, funding will be continued for an additional **29 Time Out Room Moderators**. The role of the Moderator is to make immediate contact with parents (families), arrange conferences where written agreements are completed between parents and teachers and coordinate student reentry into the classroom. Counseling in respect to appropriate behavior will continue to be provided and classroom academic assignments will be maintained.
An additional **Elementary Discipline Center** will continue to be utilized for long-term (10-20 days) and/or expulsion and transportation will continue to be provided. The center houses two classrooms staffed with **two Teachers, two Instructional Aides, and one Psychologist**. The Teachers and Instructional Aides will be responsible for maintaining an uninterrupted instructional program. The Psychology Extern coordinates services for the student with the parents and home school including but not limited to the following: a written behavior contract, counseling, diagnostic testing, and referrals for special programs.

Understanding the positive correlation that exists between students’ success in school and their behavior, two academic improvement models have been presented for children in elementary school.

1) **Eleven Instructors and Transition Classes** will continue to be made available for kindergarten children who are not prepared to enter first grade. These classes are designed to accelerate students to the extent that upon completion, they will be prepared to enter second grade.

2) **Eleven Instructors and Academic Acceleration Classes** will continue to be made available for third, fourth, and fifth grade students who have academically fallen behind their grade placement by two or more years. These classes target basic skills instruction in reading, writing and mathematics.

Both Instructional programs call for small numbers of students for each teacher, thus allowing for more individualized/personalized delivery of services. A teacher-pupil ratio of 1:15 is recommended.

The significant objectives to be obtained from these special programs are:

- To reduce the span of ability levels any one elementary teacher must serve;
- To reduce the number of classroom distractions caused by student misbehavior;
- To reduce the teacher-pupil ratio for elementary schools;
- To adequately prepare all students for sixth grade performance; and ultimately
- To improve academic performance for all students.

Criteria used to select campus sites for these instructional models are:

- The identification of between 12 and 15 eligible students for each program;
- The adequate availability of classroom space to accommodate the students; and
- The expressed need for the instructional services by the School Improvement Team.
The aims stated cannot be accomplished without also providing specific **Staff Training** for teachers, counselors, principals and others. Staff will receive training with particular attention focused on classroom management, instructional strategies, and diversity.

DISCIPLINE/ALTERNATIVE EDUCATION/TRUANCY
for
Middle and High Schools

Benefits to Students, Parents and Teachers:
- Reduced classroom interruptions due to inappropriate behavior;
- Safe and orderly classroom environment;
- Clear consequences for inappropriate behavior;
- Disruptive students receive academic assistance and counseling to reduce instances of inappropriate behavior;
- Discipline centers that are convenient and accessible;
- Increased high school graduation rate; and
- Fewer over-age students in grade 5 – 8.

A Dean of Students and/or a Time Out Room Moderator will continue to be provided to every Middle and High School. Based on the number of schools who presently have a Dean of Students and a Time Out Room Moderator, 11 positions will be added to allow every Middle and High School to have both positions. The Time Out Room Moderator will assist with discipline management at the school level and serve as an intervention prior to out of school suspension.

Every middle and high school will have a Violence Response Team and a Violence Response Plan. The Violence Response Plan will give direction to the team as to what needs to be done when violence occurs at a school. An Emergency Phone Number will be made available to all Principals to use from 6:30 a.m. until the beginning of the school day for the purpose of immediate response in a crisis situation.

Three (3) additional Discipline Centers will continue to be leased and furnished in strategic locations to make them accessible to students parish wide. These centers will continue to be staffed with three Teachers and three Instructional Aides or six retired teachers. All students attending a discipline center will receive counseling at the center as well as develop a contract to include academic, attendance and behavioral expectations. A report of the student’s progress will be sent to the home school, via the student’s return to their home school.
MOI (Materials of Instruction) funds will be provided to Discipline Centers. An Intake Clerk will continue to coordinate center assignments, and an I-Care Counselor will continue to conduct conflict resolution and anger management sessions. Presently, the Principal of Valley Park Alternative School supervises the Discipline Centers.

With the continued operation of three new centers to the eight original centers, a Discipline Center Coordinator will continue to monitor the daily operation of each center and to make certain that:

1. All centers have adequate Materials of Instruction; and

2. All center Moderators and Aides are spending adequate time counseling students for inappropriate behavior.

The majority of expelled students are assigned to Valley Park Alternative School. This school serves students in grades 6-12. Four (4) additional teachers will continue to be assigned to Valley Park Alternative School for the following purposes:

1. A GED component will continue at Valley Park to give students and their parents another choice in determining the appropriate type of education for that student;

2. Service Learning Projects will continue to be offered with the list of potential course offerings to replace elective courses, when appropriate. Career preparation will continue to be offered at Valley Park, via partnerships with business/industry and the Gateway Workforce Development partnership;

3. A second Counselor will continue on the Valley Park staff to increase one-on-one counseling sessions with students to improve and manage behavior; and

4. An additional Teacher will continue to serve Valley Park students for the specific purpose of offering Exit Exam remediation in the areas of Math, Science, English and Social Studies.

In an effort for school system personnel to more effectively work with discipline matters, the school system will continue to provide Staff Training for teachers and administrators regarding behavior management. Training will also be made available to Hearing Officers to bring greater consistency to due process hearings for students recommended for long-term suspension or expulsion. The cost of staff training will be included in the yearly operating budget.

</table>
DISCIPLINE/ALTERNATIVE EDUCATION/TRUANCY for Over-Age Students (Grades 5-8)

Benefits to Students, Parents and Teachers:

- Fewer dropouts at middle and high school levels;
- Reduction in discipline problems;
- Stronger instructional program for all students;
- Increased number of graduates;
- More age-appropriate middle school population;
- Lower teacher-pupil ratio; and
- Reduction in truancy.

Data collected during the 2000-2002 school years in the East Baton Rouge Parish Middle Schools revealed that there were over 800 students in grades 6-8 who were two or more grade levels behind. To continue addressing the needs of these over-age students, we must continue to support the operation of two alternative schools for over-age students and implement a new program at an existing middle school site.

The new program, Staring PM Academy, will consist of four regular teachers and one lead teacher and will be funded with the tax renewal. Unlike traditional school, Staring PM Academy will operate on a p.m. schedule, beginning at 12:30 p.m. and ending at 6:30 p.m., Monday through Friday. Although this program will exist at a current middle school site, it would not be a part of the curriculum framework of that school. Students attending this program will be physically dropped from the sending schools. Prescott Middle and Glen Oaks Middle Schools are two possible sites. Like the existing White Hills and Staring Education Center, the Staring PM Academy over-age program will primarily be established to address the needs of middle school students (grades 5-8) who are seriously challenged and at risk of dropping out of school and who are one or more grade levels behind and have failed LEAP 21 at least once. Staring PM Academy will service eighty students. Students in lower grades will be considered on a case-by-case basis.
The plan will continue to maintain Staring Education Center at its existing capacity limits of 200 students. The original plan provided two teachers at White Hills. Because the student to teacher ratio at White Hills has been considerably low, not requiring these funds as intended, the allocation will be used to support Staring PM Academy. The aforementioned programs will be adequately funded under current financial constraints afforded by the original tax plan. The teacher-pupil ratio at each site will be 15:1 for grade 5 and 20:1 for grades 6-8. Transportation and food service for the current sites as well as Staring PM Academy will continue. Transportation to Staring P.M. Alternative School will be the responsibility of the participant’s families. However, public transportation passes will be given to students who desire to use Capital Transportation Corporation.

The goal of the Alternative schools will be to prepare students with a program that best meets their needs and aspirations. Students will receive group and individual counseling to increase their success. Each student and the student’s parent/guardian will work with school staff to develop an Individual Learning Plan (ILP), which will determine the student’s educational path - GED, vocational/technical education, or high school diploma. Each student’s educational path will take into consideration the student’s age, interests, and continuing education plans. For example, a fifteen-year-old might be interested in pre-GED instruction prior to entering an Adult Education Program for a GED; another fifteen-year-old, however, might be interested in attending high school for a diploma.

_Students who enrolled in the Over-age Alternative Schools will not be given the option to return to their home school, unless there are extenuating circumstances that hampers his/her health or the health of others._ Provision to return to the sending school will be a decision of the parent, school building level committee and middle school assistant superintendent.

Technology will be an integral part of the school program. Computer-based instruction will be used extensively; therefore, the school will be equipped with a computer lab and each classroom will be equipped with computers. The computer-based instruction will provide students with instructional software that will allow them to move through the required curricula at an individualized, faster pace. Funds for **Materials of Instruction (MOI)** will be used to provide students with textbooks and other instructional materials.

An Extended Year Program will be provided for students at White Hills, Staring PM Academy and Staring Education Center for over-age students. Only Staring Education Center (one site) will be utilized for extended year.

Staff will receive extensive staff training with particular attention focused on classroom management, instructional strategies, and diversity.

DISCIPLINE/ALTERNATIVE EDUCATION/TRUANCY

for

TRUANCY

Benefits to Students, Parents and Teachers:

• Reduced drop-out rate;

• Greater opportunity for academic attainment; and

• Improved graduation rate.

Benefits to Taxpayers:

• Reduced juvenile crime during school hours; and

• Additional workforce-ready personnel.

Truancy is the absence of students from school, for which no legal excuse exists. Data consistently supports the concept that a student’s regular attendance in school is requisite for academic success. It is also found that a strong correlation exists between a community’s delinquency rate and school attendance.

To handle the volume of students, three additional Child Welfare and Attendance Officers will continue working to reduce truancy. A Truancy Center will continue to operate in an existing school site or community facility as a place where students found “on the streets” can be taken for processing and re-entry into school. The center will continue to be staffed with a Teacher, Clerk, and Law Enforcement Officer.

Proposition No. 3
EAST BATON ROUGE PARISH
EDUCATIONAL FACILITIES IMPROVEMENT DISTRICT

PROPOSITION NO. 3

SUMMARY: FOR THE PURPOSE OF INCREASING COMPENSATION OF
TEACHERS AND OTHER SCHOOL SYSTEM EMPLOYEES IN PUBLIC SCHOOLS
IN EAST BATON ROUGE PARISH, SHALL A NOT TO EXCEED 0.41% SALES
AND USE TAX CONTINUE TO BE LEVIED FOR AN ADDITIONAL FIVE (5)
YEARS?

For the purpose of assisting the East Baton Rouge Parish School Board (the “School
Board”) in increasing compensation of the School Board’s teachers and other school
system employees in the East Baton Rouge Parish Educational Facilities Improvement
District, Louisiana (the “District”), as set forth in and subject to “A Plan to Improve
Facilities/Technology, Discipline and Compensation in the East Baton Rouge Parish
School System” (the “Plan”) approved by the School Board on August 13, 1998, shall the
District, under La. R.S. 33:2740.37 and other constitutional and statutory authority, be
authorized to continue to levy and collect a tax of not to exceed forty-one hundredths of
one percent (0.41%) (the “Tax”) upon the sale at retail, the use, the lease or rental, the
consumption, and the storage for use or consumption of tangible personal property and on
sales of services in the District, all as defined in La. R.S. 47:301 through 47:318, for a
period ending five (5) years from the Tax's new effective date, except that the sale at
retail, use, consumption, distribution, and storage for use or consumption of food and
prescription drugs shall be exempted from the Tax, with Tax proceeds (after paying costs
of collection and administration) to be dedicated for the purpose listed above?
Proposition 3
Compensation

Benefits to Students, Parents and Staff:

- Improved ability to recruit and retain certified and qualified teachers, assistant principals and principals;
- Improved ability to recruit and retain highly qualified support employees; and
- Improved ability to reward performance that meets and/or exceeds standards.

Benefits to Taxpayer:

- Reduced costs related to employee attrition; and
- Performance-based accountability program for employees.

Improving compensation for teachers and other school system employees is an East Baton Rouge Parish School Board priority in order to be competitive in recruiting and retaining the best and the brightest teachers, assistant principals, and principals, and, in sustaining their work with highly qualified, committed educational support personnel.

To achieve this goal, the school system must be competitive in the marketplace with compensation and benefits that are attractive in comparison to the regional marketplace within Louisiana and in comparison to other states in the Southern Region. The School Board must provide safe and dry working conditions and classrooms that are disciplined and orderly for teachers and staff to accomplish their primary mission.

Further, as an employer whose responsibility is the education of more than 52,000 of Baton Rouge’s children, the school system must provide the continuous training and the time that is necessary to improve and enhance the skills of our professional and support employees. As instructional time is at a premium, resources must be provided to conduct on-going staff development during non-teaching hours.

The East Baton Rouge Parish School Board’s continued compensation component is designed to provide the first step in achieving the aims stated by bringing the salary and wage schedules closer to parity within our regional marketplace. It also provides the School Board with benchmarks necessary for future decisions related to performance-based pay (a system for ensuring that individuals receive compensation commensurate with their contributions to the school system) and for ensuring that the compensation structure remains internally consistent and externally competitive.
Four elements are included as a part of the original compensation component which is being proposed to be continued:

1) **Teacher salaries** are compressed to a 20 year schedule; retention incentives of $1,000 are provided for teachers who are eligible for full certification, and at experience Step 21; includes 9, 10, 11 and 12-month teachers, guidance counselors, librarians, social workers, therapists and specialists, and provides improved consistency across educational degrees and experience Steps. The average cost is $18,166,046 annually.

2) **Salary schedules for other employees** are compressed to 20 years; includes nurses, clerical, targeted management and administrative employees, custodians and maintenance workers, and school secretaries. The average cost is $2,449,056 annually.

3) **Principal and Assistant Principal salary schedules** are compressed to 20 years; salary differentiation among elementary, middle and high schools based on size is eliminated; the assistant principal’s work year is increased from 10 months to 11 months to provide the time needed to support the academic and disciplinary programs of the schools. The average cost is $952,429 annually.

4) **Bus Driver salaries** are compressed to a 20 year schedule with a starting Step of $11,360 and a Step 20 of $12,489. The average cost is $652,193 annually.

# 2001 School Accountability Results - East Baton Rouge Parish

## School-Level Table

### Explanatory Notes

- **Column A**: School went into Corrective Action I during Cycle I because its 1999 SPS was less than or equal to 30.0.
- **Column A**: A magnet school is defined as a school having academic entrance requirements (e.g., GPA, test scores). These requirements apply to the entire school, encompassing all grades.
- **Column E**: Numbers in parentheses are negative numbers.
- **Column G**: A school with a Cycle I Growth SPS or Cycle II Baseline SPS of 100.0 or more will not go into Corrective Actions, nor will it receive a negative Growth Label.
- **Column H**: To be eligible for a reward, a school had to demonstrate growth (of at least 0.1) in its poverty subgroup, in addition to meeting its Growth Target.

The Louisiana Department of Education has established guidelines within the Accountability System to allow schools to appeal their accountability results.

2001 School Accountability Results - East Baton Rouge Parish
School-Level Table

Explanatory Notes
* Column A: School went into Corrective Action I during Cycle I because its 1999 SPS was less than or equal to 30.0.
* Column A: A magnet school is defined as a school having academic entrance requirements (e.g., GPA, test scores). These requirements apply to the entire school, encompassing all grades.
* Column E: Numbers in parentheses are negative numbers.
* Column G: A school with a Cycle I Growth SPS or Cycle II Baseline SPS of 100.0 or more will not go into Corrective Actions, nor will it receive a negative Growth Label.
* Column H: To be eligible for a reward, a school had to demonstrate growth (of at least 0.1) in its poverty subgroup, in addition to meeting its Growth Target.

The Louisiana Department of Education has established guidelines within the Accountability System to allow schools to appeal their accountability results.

EAST BATON ROUGE PARISH SCHOOL BOARD
PERSONNEL EVALUATION PLAN

INTRODUCTION

As mandated by Act 621, Act 9, and other Acts relevant to certified and other professional evaluation passed by the Louisiana Legislature, all local educational agencies (LEAs) are required to develop an accountability plan to fulfill the requirements set forth by the laws. The intent of the legislature was to establish within each LEA a uniform system for the assessment of certified and other professional personnel.

SECTION 1.0. FOCUS ON EDUCATIONAL IMPROVEMENT

The East Baton Rouge Parish Personnel Accountability Plan is in compliance and reflective of the Louisiana Department of Education's philosophy and goals of personnel evaluation.

The goals of personnel evaluation in East Baton Rouge Parish and in each school in Louisiana are as follows:

1. To assure the public that:
   a. the educational system is providing the best opportunities for all children to learn.
   b. the best-qualified personnel are employed in every position.
   c. effective teaching continues in the classroom.

2. To foster the continuous improvement of teaching and learning by providing opportunities for the professional growth of all educators.

3. To provide support for the professional development of new teachers during their period of internship.

4. To provide procedures necessary to fulfill the objectives of retaining competent professional employees, to embrace sound educational principles, and to insure the strengthening of the formal learning environment.

5. To provide procedures for self-evaluation, personal reflection and peer collaboration.

6. To promote positive interpersonal relationships among all school personnel to increase professional competencies continually.

The process of establishing local, school-based goals will occur on a yearly basis. In order to insure continued support of growth and to enhance the continuous improvement of the teaching/learning process by every person involved in the instructional programs, the East Baton Rouge Parish Personnel Evaluation Plan will continue to focus on a triennial process.
SECTION 2.0. STAFF INVOLVEMENT IN THE PERSONNEL EVALUATION PLAN

1. The Personnel Evaluation Committee represents a balanced representation of four administrators, six instructional personnel, and a member of the Human Resources Department Staff.

2. The members of the first two groups are elected by the groups that they represent.

The tasks of the Personnel Evaluation Committee include the following:

1. The Personnel Evaluation Committee reviews the current East Baton Rouge Personnel Evaluation Plan as needed and on an annual basis to assess the strengths and weaknesses of the plan in light of the state guidelines.

2. The Personnel Evaluation Committee makes recommendations strengthening the current East Baton Rouge Personnel Evaluation Plan when necessary. Plans will be presented to the East Baton Rouge School Board for its approval prior to submission to the LDE.

3. The Personnel Evaluation Committee oversees the planning and implementation of any necessary revisions to the current East Baton Rouge Personnel Evaluation Plan.

4. The Personnel Evaluation Committee reviews and revises the Personnel Evaluation Plan every three years or as needed to determine the extent to which the purposes of the East Baton Rouge Personnel Evaluation Plan are being achieved. This process will take place during the spring semester every third year (1996, 1999, etc.).

SECTION 3.0. PHILOSOPHY OF PERSONNEL EVALUATION

Recognizing the need for excellence in education, the East Baton Rouge Parish School System, in compliance with the 1977 legislative mandates of Act 621, Act 9, and other acts relevant to teacher evaluation, establishes a system wide program of educational accountability in the area of personnel evaluation which strives to generate confidence among the public and professionals alike.

The philosophy and purposes for which teacher evaluation is used in the local school district are stated clearly in writing. This philosophy is grounded in the beliefs that all students can learn, good teaching increases the chances of students learning, and a collegial, collaborative relationship between an evaluatee and evaluator creates the appropriate climate for good teaching. The philosophy is supported by contemporary research that reflects the principles of administrative leadership.

All employees of the East Baton Rouge Parish Schools are committed to the belief that we are in the process of growth, development, and learning; all schools endeavor to facilitate this commitment and foster the underlying concept that all children can learn.

Our schools will operate in such a manner as to facilitate a comprehensive program of selecting and organizing learning experiences that will maximize the learning potential of each student so that he/she achieves success at each step in his/her schooling. A safe, consistent environment will serve to give each child the security and flexibility he/she needs to grow at his/her own pace toward competency and proficiency in the cognitive and effective domains.

This philosophy is based on the democratic ideas of valuing each individual and citizens' taking personal responsibility for their lives. Citizens are called upon to accept diversity, to develop self-reliance and initiative, and to conduct themselves according to the form and structure that will serve the best interest of all concerned.
A purpose of the Personnel Evaluation Plan is to assure the public that the educational system is providing the best opportunities for all children to learn, that the best qualified personnel are employed in every position, and that effective teaching continues in the classroom.

Another purpose of the Personnel Evaluation Plan is the improvement of the teaching-learning process. This includes the encouragement of creativity and innovation in the planning and implementing of teaching strategies that include fostering parental involvement, integrating the use of technology, developing student assessment practices, and employing school improvement practices that are consistent with contemporary research on effective classroom processes. Personnel evaluation includes promoting the professional growth and development of staff, as well as providing support for new personnel during their period of internship.

Additionally, the Personnel Evaluation Plan procedures for self-evaluation, personal reflection, and peer collaboration promote positive interpersonal relationships among all personnel to increase professional competencies continually.

In summary, personnel evaluation is pursued with the spirit that it is a productive process for making good administrative, instructional, and support services personnel better, rather than one that is directed toward finding fault with performance.

Personnel evaluation is a part of the process that assists in enhancing the professional growth and development of employees of this school system. Personnel evaluation should provide procedures necessary to fulfill the objectives of retaining competent employees, embracing sound educational and management principles, and insuring the strengthening of the formal learning environment.

SECTION 4.0. EAST BATON ROUGE PARISH PERSONNEL EVALUATION GLOSSARY

In order that consistency in terminology be maintained on a statewide basis, the LDE has established a list of terms and the definitions of each which must be utilized by all LEAs. These terms were given careful consideration during the development of the East Baton Rouge Parish Personnel Evaluation Plan.

1. **Accountability** - shared responsibility for actions relating to the education of children.

2. **Administrator** - any person whose employment requires professional certification issued under the rules of the board in the *Bulletin* 746, or who is employed in a professional capacity other than a teacher.

3. **Assessment** - the process by which the Louisiana Department of Education determines whether a new teacher who is seeking to retain or to acquire a regular teaching certificate can sufficiently demonstrate the Louisiana Components of Effective Teaching to qualify for the teaching credential being sought.

4. **Assistance Level** - denotes the number of times assistance has been prescribed.

5. **Certified School Personnel** - those persons whose positions require LDE certification.

6. **Criteria** - demonstrable levels of performance upon which a judgment or decision may be based.

7. **Days** - Working days.
8. **Discipline** - is defined for section 6.7 as a given area of study and consideration of the majority of courses taught. It does not include changing from one grade level to another in an elementary school or subject changes within an area such as general science to earth science.

9. **Due Process** - fair and impartial treatment as guaranteed under the law, including, but not limited to, the 1st, 5th, and 14th Amendments to the Constitution of the United States, Section 1983 of the Civil Rights Act of 1871, Title VII of the Civil Rights Act of 1964, and Title IX of the Educational Amendment of 1972, relative to substantive and procedural requirements.

10. **Duties** - those actions normally required of a position as assigned/or described in the position description that are necessary to enable the class, school, or school district to accomplish its objectives.

11. **Educational Accountability** - the respective shared responsibilities and duties of the following groups:
   a) Local school boards, administrators, and other personnel;
   b) The State Department of Education;
   c) Parents and students;
   d) Other governing authorities as specified by the Constitution and laws of the State.

12. **Evaluatee** - Regular full-time or part-time certified or classified employee who is evaluated.

13. **Evaluation** - the process of making considered judgments concerning the professional accomplishments and competencies of a certified employee, as well as other professional personnel, based on a broad knowledge of the area of performance involved, and the characteristics of the situation of the individual being evaluated, and the specific standards of performance pre-established for the position.

14. **Evaluation Period** - the period of time during each school year during which the evaluation program will be conducted.

15. **Evaluator** - one who evaluates.

16. **Goal** - a statement of broad direction or intent, which is general and timeless and is not concerned with a particular achievement within a specified time period.

17. **Instructional Personnel** - those LEA personnel who provide classroom instruction (e.g., classroom teacher, special education teacher, special projects teacher).

18. **Intensive Assistance Plan** - the plan that is implemented when experienced personnel do not meet the local school system's standards of performance through the personnel evaluation process. This plan specifies what the evaluatee needs to do to strengthen his/her performance, what assistance/support is provided by the local system, the timelines and procedures for monitoring the progress, and the action that will be taken if improvement is not demonstrated.

19. **Job Description** - a statement of the position title, qualifications, supervisor, supervisory responsibilities, duties, job tasks, and standard performance criteria that specify the level of job skill required. (The Louisiana Components of Effective Teaching must be included for instructional personnel.) Space must be provided for signature and date.

20. **LEA** - local educational agency; parish school board; local school system.
21. **LEA Steering Committee** - a local school district committee representing instructional, certified and other professional personnel to review the current personnel evaluation program.

22. **LDE** - Louisiana Department of Education.

23. **Multi-opportunity** - more than one opportunity.

24. **New Teacher** - any full-time employee of a local board who is engaged to directly and regularly provide instruction to students in any elementary, secondary, or special education school setting, one who is not an administrator and who is employed for the first time in a public school in this state after August 1, 1994; and one who holds a regular teaching certificate which when issued was valid three years, or who is authorized under law or board regulation to teach temporarily while seeking a regular teaching certificate.

25. **Non-Instructional Certified and Other Professional School Personnel** - those LEA personnel who do not provide classroom instruction.

26. **Objective** - a devised accomplishment that can be verified within a given time, under specifiable conditions, and by evidence of achievement.

27. **Observation** - the process of gathering facts, noting occurrences, and documenting evidence of performance.

28. **Other Professional Personnel** - all school employees whose positions do not require a teaching certificate but require a college degree and/or employees without a college degree who assume major management functions by directing, administering, or managing significant departments or divisions within the LEA.

29. **Performance Criteria** - general and specific standards by which personnel may be evaluated or on which judgments and decision making may be based.

30. **Period of Evaluation** - that time, determined by the LEA, which has been designated for conducting a systematic personnel evaluation and assessment of an individual's performance.

31. **Philosophy** - a composite statement of the relationship between the individual and society based upon beliefs, concepts, and attitudes from which the goals and purposes of the district philosophy are derived.

32. **Program (6.7)** is defined as a specified curriculum or type of supplementary instruction (examples: Title I, Reading Recovery, Speech Therapy, etc.).

33. **Professional Growth Plan** - a written plan formulated by the satisfactorily performing evaluatee to enhance his/her skills and performance. The plan includes specific goal(s), objective(s), action plans, timelines and evaluation criteria

34. **Public Schools** - public elementary and secondary schools governed by parish or city school boards and under the supervision of the State Board of Elementary and Secondary Education (SBESE).

35. **School Board** - parish or city school board governing public elementary and secondary schools.

36. **School District** - the area of each parish or municipality under the jurisdiction of a local school board.
39. Single Official Personnel File - single personnel file maintained in the LEA central office. At minimum, the contents of single official personnel files must include: 1) documentation for the annual review or update of job descriptions and self-evaluations, 2) copies of completed observations and evaluations, and 3) completed professional growth plans or evidence to support the initiation and annual review of long term growth plans.

40. Staff Development - process designed for groups of LEA personnel with similarities guided by school/district goals and plans. Encourage collective growth in a common direction and leads to enhanced repertoire of skills/concepts.

41. Standard - that which is set up and established by an authority or mutual acceptance as a basis for the measure of quantity, value or quality.

42. Standard of Performance - an authoritative or mutually established level of accomplishment.

43. Teacher - any full-time employee of a local board who is engaged to directly and regularly provide instruction to students in any elementary, secondary, or special education school setting including a librarian, an assessment teacher, a speech therapist, and a counselor, who is not an administrator, and who has successfully completed the Teacher Assistance and Assessment Program or who is not required to participate in the Teacher Assistance and Assessment Program.

44. Triennially - occurring every third years

45. Transcript - a written verbatim account taken from the audiotape of the testimony and any other written evidence presented in the hearing.

46. Uniform Evaluation System - a system of evaluation that applies the same procedures in a consistent manner to all employees of each type or class of certified employees, as well as other professional school personnel.

SECTION 5.0 IMPACT OF PERSONNEL EVALUATION

The community will help celebrate the progress and success that the educational community enjoys by witnessing the improvement in the instructional programs that take place in the East Baton Rouge Parish Schools as evidenced through examples such as newsletters, brochures, newspaper articles, and meeting agendas.

Each year, during the spring semester, the Personnel Evaluation Committee will need to review the evaluation/assessment process and report the progress to the East Baton Rouge Parish School Board and community so that individuals can be recognized, and schools and special programs/projects can be acknowledged for their accomplishments.
SECTION 6.0 PERSONNEL EVALUATION PROCESS DESCRIPTION

Personnel evaluation is a part of the process that assists in enhancing professional growth and development of employees of this school system. Personnel evaluation should provide procedures necessary to fulfill the objectives of retaining competent employees, embracing sound educational and management principles, and ensuring the strengthening of the formal learning environment.

The evaluation of all certificated and professional personnel is based on one or a combination of the following:

1) The evaluator’s assessment of performance based on the criteria specified in the written job description, including the Louisiana Components of Effective Teaching for instructional personnel and the Standards for School Principals in Louisiana for building-level administrators.

2) The evaluator’s assessment of the progress the evaluatee has made toward achieving those objectives included in the professional growth plan that was developed collaboratively with the evaluator.

3) The evaluatee’s self-evaluation, as well as progress toward achieving those objectives included in his/her professional growth plan.

This process applies to all Certificated and Professional Evaluations. Appendix B refers to procedures for principal evaluation, which comply with the Standards for School Principals.

SECTION 6.1 EVALUATION CRITERIA

The evaluation criteria for all certified and other professional personnel are defined in their job descriptions. Ratings of Satisfactory (S), Needs Improvement (NI), and unsatisfactory (U) are assigned by the evaluator after referral to and careful study of multiple data sources, professional practices and behaviors which conforms to local and state requirement.

SECTION 6.1A INSTRUCTIONAL PERSONNEL

The evaluation criteria must conform to the guidelines listed below:

1) The evaluation criteria for all instructional personnel are stated clearly in writing in the job descriptions.

2) The Louisiana Components of Effective Teaching are included in the job descriptions of instructional personnel.

3) The evaluation criteria provide a frame of reference for a descriptive review and analysis rather than only a rating scale or checklist of teaching effectiveness.
SECTION 6.1B Standards for School Principals in Louisiana, 1998

See Appendix B

SECTION 6.1C NON-INSTRUCTIONAL CERTIFIED/OTHER PROFESSIONAL PERSONNEL
The evaluation instruments are reflective of the job descriptions, which contain the evaluation criteria. The job descriptions include a description of standards for satisfactory performance. The Standards for School Principals is the criteria for evaluation for all building-level administrators. The instruments include criteria for addressing the specific Professional Growth Plan.

SECTION 6.3 PROGRAM INSTRUMENTS REGISTER

Several instruments are used in the personnel evaluation procedure by the East Baton Rouge Parish School System. Listed below are the numerical codes and the titles of each form used:

EBR 6.4  Teacher Observation
EBR-6.4P  Principal/Administrator Observation
EBR 6.5  Professional Growth Plan
EBR-6.7A  Teacher Evaluation
EBR-6.7  Special Education Teacher (Sp. Ed.)
EBR-6.7  Occupational Therapist (O.T.)
EBR-6.7  Physical Therapist (P.T.)
EBR-6.7  Speech Therapist (S.T.)
EBR-6.7  Library Media Specialist (L.M.S.)
EBR-6.7  Guidance Counselor (G.C.)
EBR-6.7  Teacher for Instructional Support (T.I.S.)
EBR-6.7  Dean of Students (D.S.)
EBR-6.7  Time Out Room Moderator (T.O.M.)
EBR-6.7  School/Parent Liaison (P.L.)
EBR-6.7B  Support Personnel Evaluation
EBR-6.7C  Principal Evaluation (P)
EBR-6.7C  Assistant Principal for Elementary (APE)
EBR-6.7C  Assistant Principal of Administration (APA)
EBR-6.7C  Assistant Principal of Instruction (API)
EBR-6.7D  Management Evaluation
EBR-6.7E  Superintendent Evaluation
EBR-6.8A  Notification of Intensive Assistance Program
EBR-6.8B  Intensive Assistance Program

SECTION 6.4. OBSERVATION PROCEDURES

A. The following observation procedures shall be used by the observer:

1. Observations will be conducted by the designated evaluators and by other assigned personnel.

2. Evaluatees with 0-3 years of experience in their present position will be observed at least two (2) times each year (one time each semester) and as the need arises.

3. When a minimum of two (2) observations are required, one will be conducted in the Fall Semester and the other in the Spring Semester.

4. A pre-observation conference is held to review the teacher's lesson plan. The observation shall occur at a time and place established in advance. This does not preclude unannounced classroom visitation as specified in R.S.17:3902, Section B (5).

5. Observations are to be of sufficient duration to see the lesson begin, develop, and culminate.

6. Only the observation form (EBR 6.4) (series) will be used for observations.

7. A post-observation conference is held to discuss and analyze the lesson, as well as to prepare an observation report. It should be held within (5) working days of the observation.
8. The primary purpose of the classroom observation is to reach consensus on commendations and recommendations to strengthen or enhance teaching. It is not to rate the teacher.

9. Follow-up classroom visits and observations may be conducted to reinforce acceptable positive practices and to determine how recommendations have impacted the quality of the teaching and learning process.

10. Within five (5) working days following the observation, a post-observation conference will be held with the evaluatee. The items on the observation form will be discussed and analyzed and an observation report will be prepared. The post-observation conference must allow for evaluatees to give input on commendations and recommendations to strengthen or enhance teaching. After the signatures of the evaluatee and observer have been affixed and dated, the evaluatee will receive a copy of the completed form.

11. The Employee Observation form will be filed in the evaluator’s office until the appropriate evaluation form has been completed. The observation forms will be attached to the evaluation form and filed in the single official file in the Human Resources Department.

12. If professional assistance is necessary, it shall be discussed by the evaluator and the evaluatee at the post evaluation conference. Employee Intensive Assistance Program(EBR 6.8B) must be initiated within five (5) working days after the conference.

Note* This process applies to all professional observations. Appendix B refers to Principals.

SECTION 6.5. PROFESSIONAL GROWTH PLAN

The goal of the professional growth plan is two-fold. First, it strengthens job performance of all certified instructional and other professional personnel, and second, it enhances the students’ learning experiences. Professional Growth Plans may be written to extend beyond one school year. Professional growth plans are based on objectives developed collaboratively by the evaluatee and evaluator. The successful educator shall not be mandated to participate in any one specific growth activity. These plans must be reviewed and updated annually. Usually such plans include two to three objectives developed collaboratively by the evaluatee and the evaluator. The plan is developed at the beginning of the evaluation period and is based on a descriptive analysis of job performance rather than only on the results of a checklist or rating scale. The plan is reviewed by October 15 and is updated by the end of the year. For successful, experienced personnel, these objectives may extend beyond the professional responsibilities included in the job description and may be used to explore new, untried, innovative ideas or projects. Each objective includes a plan of action to guide the evaluatee’s progress, as well as observable evaluation criteria that the evaluatee and evaluator can use to determine the extent to which each objective has been achieved. The evaluation criteria should show specifically how achievement of the objectives will impact the quality of the job performance.

Recommended activities may include, but are not limited to, being a mentor teacher; developing curriculum; delivering inservices; serving on textbook committees; developing teaching materials; promoting positive public relations; serving on SACS committees; reading professional literature; conducting research; evaluating programs; participating in workshops, conferences, professional organizations, school-based activities, classroom observation of peers, and parent-teacher organizations, etc.
The following guidelines must be observed when developing the professional growth plan:

1) All certified and other professional personnel who are not being formally evaluated will develop long-term professional growth plans to strengthen or enhance job performance.

2) The professional growth plan is developed at the beginning of the evaluation period. The plan is reviewed by October 15 and is updated by the end of the school year.

3) Professional Growth plans are based on objectives developed collaboratively by the evaluatee and evaluator. The successful teacher shall not be mandated to participate in any one specific growth activity. These plans must be reviewed and updated annually. Intent: All certified and other professional personnel shall be mandated to develop Professional Growth Plans; however, an evaluatee shall not be mandated to participate in any one particular activity.

4) A plan of action and evaluation criteria are specified for each objective.

5) For successful, experienced personnel, objectives may be used to explore new, untried, innovation ideas or projects.

6) The evaluator(s) and evaluatee(s) must sign and date each completed Professional Growth Plan form prior to dissemination and filing and sending a copy to the Human Resources Department and filing in the employee’s personnel file.

7) The evaluator and the evaluatee must maintain a copy of all completed forms.

8) All future evaluations forms will have a line which will indicate the status of the evaluatee’s completion of the Professional Growth Plan.

SECTION 6.6. PERSONNEL SELF-EVALUATION

All certified and other professional personnel must be encouraged to assume significant responsibilities for the evaluation of their performance.

1. All certified personnel and other professional personnel shall participate in self-evaluation on a yearly basis. Documentation of self-evaluation must be completed on a yearly basis.

2. Training shall be provided for certified and other professional personnel in techniques for personal reflection, self-evaluation and peer collaboration by October of each school year.

3. Certified and other professional personnel will be afforded opportunities throughout the evaluation process for personal reflection, self-evaluation, and peer collaboration. These opportunities may occur during state-mandated planning periods and staff development in-service meetings.

4. The products of such efforts are shared in self-evaluation reports which certified and other professional personnel verify completion of as part of the personnel evaluation process.
SECTION 6.7. THE EVALUATION PERIOD

1. All certified and other professional personnel are evaluated in writing each year.

2. Only one (1) evaluator will determine the overall rating on the evaluation form.

3. The evaluatee will be provided a copy of the East Baton Rouge Parish Personnel Evaluation Plan which will include the criteria for expected performance. All personnel will be notified of evaluation procedures. No deviations from the evaluation procedures will be permitted.

4. All certified and other professional personnel who work directly with students with 1-3 years of experience in their present position, will be evaluated a minimum of once each year using EBR 6.7A.

5. All teachers new to Louisiana Public Schools will be evaluated using the Louisiana State New Teacher Assistance and Assessment Program. (Note: Teachers from out-of-state may be exempt if granted exclusion from the L.D.E.

6. Teachers new to a location (and were not formally evaluated the prior year) or new to a program and/or discipline, will be evaluated the first year using the EBR 6.7 A.

7. All certified and other professional personnel who work directly with students with 4 or more years of experience in their present position will be evaluated every year using either EBR 6.7A or the Professional Growth Plan. (EBR 6.5.)

The three-year cycle will be implemented as follows:

Year 1 — Certified and other professional personnel are evaluated formally based on observations.

Year 2-3 — Certified and other professional personnel are evaluated on the basis of progress toward those objectives in their Professional Growth Plan, EBR 6.5. One observation/year is needed and must be submitted annually for filing in Human Resources.

8. Copies of the appropriate job description and evaluation forms are provided to evaluatees. A roster will be provided and will be signed annually, indicating receipt and/or review of individual's job description. The original will be sent to the Human Resources Department, and a copy will be filed at the place of origin.

9. A post-evaluation conference between the evaluator and the evaluatee will be held within two weeks following the evaluation for the results of the evaluation to be discussed. All observations attached to the evaluation are to be reviewed with the evaluatee at this conference.

10. The evaluation form with observation forms attached will be filed in the single official file, (Human Resources Department) and will be due by the end of the school year.

11. An Intensive Assistance Program Plan must be implemented when an evaluatee does not satisfactorily meet the EBRP Standards of Performance as determined through the complete evaluation process. The process includes the following:

   A. A minimum of four (4) formal observations, using EBR 6.4.

   B. One (1) formal evaluation, using EBR 6.7.

   C. A minimum time frame of nine (9) weeks from the first formal observation to the notification of the Intensive Assistance Program, using EBR 6.8A.
12. Grievance procedure, as it relates to personnel evaluation is outlined in the official East Baton Rouge Parish School Board Handbook. (See Grievance Procedure, Section 6.10) in the EBR Personnel Evaluation Plan.

SECTION 6.8. EMPLOYEE INTENSIVE ASSISTANCE PROGRAM

If it is determined through the evaluation process that an evaluatee does not satisfactorily meet the East Baton Rouge Parish standards of performance, then that evaluatee is placed in an Intensive Assistance Program. (See # 10, 6.7) page 20.

The following guidelines shall be used when placing an evaluatee in an Intensive Assistance Program:

1. Any evaluatee placed in the Intensive Assistance Program is informed in writing of the reason(s) for this placement using Notification of Intensive Assistance Program (EBR 6.8A).

2. The evaluator will develop the Intensive Assistance Program with the evaluatee using Intensive Assistance Program (EBR 6.8B). The program shall be designed to assist the employee in overcoming weaknesses identified through the complete evaluation process. (See 6.7, 10). More than one assistance level will be available to the employee as determined by the evaluator. Multiple opportunities within each level shall be afforded the evaluatee by the evaluator.

3. Prescribed activities will be described on EBR 6.8B in terms of specific anticipated outcomes.
   a. Inter-school classroom visitations and/or observations.
   b. Intra-school classroom visitations and/or observations.
   c. A series of demonstration lessons taught by a mentor teacher, principal, assistant principal, assistant principal of instruction, an instructional specialist, and/or a subject-matter supervisor.
   d. Special in-service meetings and training programs.
   e. Voluntary peer assistance or selection of a mentor.
   f. Academic assistance, i.e., consultation, coursework, and applicable research.
   g. Inter- or intra-school teaching.
   h. Others as agreed upon.

For non-instructional professional school personnel, a program of on-the-job training, special schools, or short courses would be recommended.

4. If, after at least three (3) intensive assistance activities, the evaluatee fails to acquire the skills needed, the Director of Human Resources will counsel with the evaluatee and make recommendations to the Associate Superintendent of Human Resources and Staff Development. The Associate Superintendent of Human Resources shall review all documentation and make recommendations to the School Board Staff which shall include the Superintendent, and the Instruction Department. This task will be completed prior to the end of the school year. Several alternatives will be considered:
   a. Remain in the same school.
   b. Transfer to another school for evaluation.
   c. Recommend dismissal.
5. An evaluatee who disagrees with the prescribed Intensive Assistance Program may utilize the grievance procedure.

SECTION 6.9 INDUCTION OF NEW TEACHERS

1. East Baton Rouge Parish will follow the Assessment Program as outlined in Louisiana State Department of Education 1993.

2. Should there be a need to place a new teacher in Intensive Assistance, the procedure outlined in Bulletin 1525, Section II, page 33 will be followed.

3. Whenever a new teacher is assigned to a school, a mentor will be selected during the first week of school for the purpose of assisting the new teacher in learning school policy, routines and other pertinent information.

Section 6.10 DUE PROCESS PROCEDURE

1. The evaluator will provide the evaluatee with a copy of the evaluation results within 15 working days after the completion of the evaluation.

2. A post-evaluation conference must be held following the evaluation and prior to the end of the school year in order that the results of the evaluation can be discussed.

3. The evaluatee may file his own written response to the evaluation which will become a permanent attachment to the evaluatee’s single official personnel file. The response may be signed statement clarifying or rebutting the issue in question.

4. The evaluatee not performing satisfactorily must be informed in writing of such determination.

5. The evaluatee has the right to receive proof, by documentation, of any item contained in the evaluation that the evaluatee believes to be inaccurate, invalid, or misrepresented. If documentation does not exist, the item in question must be amended or removed from the evaluation.

6. The evaluatee must be provided with ample assistance to improve performance.

7. The confidentiality of evaluation results must be maintained as prescribed by law.

8. The East Baton Rouge Parish School Board’s Grievance Policy, indicating procedures that follow the proper lines of authority is as follows:

GRIEVANCE PROCEDURE

The following procedure is in effect for the handling of employee grievances. The primary purpose of this procedure is to secure, at the most immediate level possible, equitable solutions to the claim of the aggrieved employee or employees.

Grievance - Definition

A grievance is a compliant filed by an employee regarding an injury, injustice, or wrong within the scope of his/her employment. The allegation should contend that an employee has suffered harm or injury by the interpretation, application or violation of a contract, a school board policy or procedure, a law, or a constitutionally guaranteed right. This claim may be filed by the employee or through his/her union or association representative with the Associate Superintendent for Human Resources and Technology.
Procedure:

LEVEL 1: The employee may present his/her dissatisfaction or grievance in writing to the principal or - for personnel not based at a school site - to the immediate supervisor. The principal or supervisor shall schedule hearing on the matter within five (5) working days. The principal or supervisor shall answer the grievance in writing within five (5) working days thereafter. A copy of this decision will be given to the employee and the employee's designated representative, if any.

LEVEL 2: If any employee is not satisfied with the decision of the immediate supervisor or principal, or if the immediate supervisor or principal fails to respond within the specified time period, the employee may submit the grievance to the Level 2 official who will conduct a hearing on the grievance within five (5) working days. (For classified employees, the Level 2 official shall be the Department Director). A copy of this decision will be given to the employee and the employee's designated representative, if any.

LEVEL 3: In the event the employee is not satisfied with the decision of the grievance at Level 2, or if no decision has been rendered within five (5) days from the date or receipt of the grievance by the hearing officer in charge of the grievances, the employee may write to the Superintendent, East Baton Rouge Parish School Board, 1050 South Foster Drive, Baton Rouge, LA 70806 and request a full hearing before the Superintendent or his designee. The Superintendent or his designee shall maintain a transcript of the proceedings, and make a written recommendation for the disposition of the grievance. A copy of the transcript and the recommendation shall be provided to the employee representative.

At no time will Level 2 and 3 hearings be conducted by the same hearing officer. Decisions shall be rendered by the hearing officer in charge of the grievance at Level 3 within five (5) working days. A copy of this decision shall be given to the employee and the employee's representative, if any.

LEVEL 4: If the employee is not satisfied with the Superintendent's decision, the employee may appeal to the School Board, which shall hold a full and fair hearing on the grievance at the next scheduled and/or available Board meeting. The portion of the meeting which pertains to the grievance shall be a closed meeting, if requested and permitted by law. A copy of the transcript of the full hearing at Level 3 shall be provided to the School Board with the Superintendent's recommendation. The decision of the School Board shall be final.

Miscellaneous

1. While employees are allowed to air their complaints through the formal grievance procedure, it is suggested that employees first attempt to resolve their problems in an informal manner. An employee may, at any point during the informal process, elect to initiate the formal grievance procedure.

2. In the event the employee is not satisfied with the decision rendered by the appropriate management-level persons using this informal procedure, the employee may pursue his or her complaint through the formal grievance procedure.

3. Grievances shall be processed as rapidly as possible. The number of days indicated at each level are a maximum, and every effort shall be made to expedite processing the grievance.

4. A grievance may be withdrawn at any level without prejudice.

5. There shall be no restraint, interference, retaliation or discrimination against any employee for filing a grievance in accordance with the provisions outlined herein.

6. Copies of all written decisions of grievances shall be sent to all parties.

7. The grievant shall have the right to present the grievance without representation or may designate a representative to appear with him at any level of the above procedure. A grievant who chooses to have representation shall provide advance notice of such in writing to the appropriate level official at least two days prior to the hearing on the grievance.
8. The management-level official and/or hearing officer shall make every effort to schedule the hearing at a time which is acceptable to the employee and the employee's designated representative, if any. The employee and the employee's designated representative, if any, shall be given at least 24 hours notice of the grievance hearing.

9. The grievance shall be submitted at the lowest level at which it is capable of effective resolution.

10. Grievances may be filed by individual employees or by a group of employees.

Definitions:

1. An employee is defined as regular full-time or part-time certified or classified personnel.

2. "Days" shall mean working days.

3. "Transcript" shall mean a written verbatim account taken from the audio-tape of the testimony and any other written evidence presented in the hearing.

SECTION 7.0 STAFF DEVELOPMENT FOR PERSONNEL INVOLVED IN EVALUATION

Training will be provided on a continuing basis for all staff, central office administrators and supervisors, principals and assistant principals, and classroom teachers involved in the evaluation process. This training will focus on developing a positive, constructive attitude toward evaluation. It will also focus on a knowledge of state laws and EBR policies governing the evaluation process and associated due process procedures, understanding of the Louisiana Components of Effective Teaching, an understanding of the Standards for School Principals in Louisiana, and an understanding of EBR's Personnel Evaluation Plan, including the purposes, criteria, and procedures.

Further training of evaluators will focus on developing those skills needed to diagnose, strengthen, and/or enhance teaching effectively. This training will focus on the following skill areas:

1) Data collection skills necessary to document a performance accurately.

2) Data analysis skills necessary to make accurate judgments about a performance.

3) Conferencing skills necessary to provide clear, constructive feedback regarding a performance.

4) Skills in developing and facilitating meaningful professional growth plans that strengthen or enhance effectiveness.

5) Skills in writing effective evaluation reports that document how evaluation has impacted the performance.

Years in Position 0-3 4+ Location: _______________________________

Directions: The evaluator is to indicate the appropriate rating of each major topic by placing a circle around the S, NI, or U. The evaluator shall then mark each item under the major headings using (S) to denote satisfactory performance, (NI) to denote needs improvement, and (U) to denote unsatisfactory performance.

I. PERFORMANCE RESPONSIBILITIES

A. PLANNING

Plans effectively for instruction
Develops clear and concise written objectives
Identifies and plans for individual differences
Plans for the substitute teacher
Utilizes the state and local curriculum guides

B. MANAGEMENT

Maintains an environment conducive to learning
Takes appropriate precautions to protect students, equipment, materials and facilities
Performs duty assignment
Maximizes the amount of time available for instruction
Maintains accurate, complete and correct records
Manages learner behavior to provide productive learning opportunities

C. INSTRUCTION

Delivers instruction effectively
Produces evidence of student academic growth under his/her instruction
Employs a variety of methods and techniques
Integrates technology into instruction
Presents appropriate content
Utilizes knowledge of subject matter and child growth and development
Provides opportunities for student involvement in the learning process
Reteaches when necessary
Gives positive feedback throughout the lesson
Assesses student progress
Evaluates strengths and weaknesses of individual students
Measures student's growth using established goals and objectives
Uses a variety of evaluation tools to test for understanding and application of subject matter
Informs students and/or parents of student progress
D. SCHOOL IMPROVEMENT

Takes an active role in building-level decision making
Participates in grade level and subject area curriculum planning and evaluation
Serves on task forces and decision making committees, when appropriate
Implements school improvement plan
Creates partnerships with parents/caregivers and colleagues
Provides clear and timely information to parents/caregivers and colleagues regarding classroom expectations, student progress, and ways they can assist learning
Encourages parents/caregivers to become active partners in their children’s education and to become involved in school and classroom
Seeks community involvement in instructional program

E. PERSONAL TRAITS

Exhibits:
- Poise, self-confidence, enthusiasm and optimism
- Punctuality
- Dependability
- Flexibility
- Acceptable speech and grammar
- Effective communication with students, parents, and other adults
- Discreet handling of confidential information
- Unbiased attitude regarding race, sex, creed, religion, or disability
- Use of suggestions for improvement

GUIDANCE COUNSELOR EVALUATION

Counselor: ____________________________  Evaluator: ____________________________
Social Security #: ____________________________  Position: ____________________________
Years in Position: 0 – 3  4+  Date: ____________________________
Location: ____________________________

Directions: The evaluator is to indicate the appropriate rating of each major topic by placing a circle around the S, NI, or U. The evaluator shall then mark each item under the major headings using (S) to denote satisfactory performance, (NI) to denote needs improvement, and (U) to denote unsatisfactory performance.

I. PERFORMANCE RESPONSIBILITIES

A. COUNSELING

1. Provides individual counseling in a confidential setting
2. Provides small group counseling sessions in a confidential setting
3. Provides activities and experiences for students to develop a positive self-concept
4. Provides activities and experiences for students to develop appropriate social skills
5. Provides activities and experiences for students to develop a positive attitude toward acceptable behavior at school, at home, and in the community
6. Provides activities and experiences for students to develop problem-solving skills
7. Provides activities and experiences for students to develop career-related goals

B. CONSULTATION

1. Consults with appropriate personnel and/or agencies on behalf of the student
2. Provides opportunities for administrators, teachers, and parents to discuss concerns related to students
3. Maintains and fosters confidentiality in regard to information concerning students
4. Participates in the School Building Level Committee/Building Level Committee

C. COORDINATION

1. Coordinates the testing program and interprets test scores
2. Coordinates and disseminates information regarding graduation requirements and course descriptions, as appropriate
3. Participates in orientation activities

D. PLANNING

1. Identifies and plans for individual differences
2. Develops a written plan with clear and concise objectives for providing guidance services
3. Plans effectively for instruction

E. MANAGEMENT

1. Takes appropriate precautions to protect students, equipment, materials, and facilities
2. Maintains an environment conducive to learning
3. Maximizes the amount of time available for instruction
4. Maintains accurate, complete, and correct records as related to counseling services
5. Manages learner behavior to provide productive learning opportunities

F. INSTRUCTION

1. Assesses student progress
2. Provides opportunities for student involvement in the learning process
3. Presents appropriate content
4. Delivers instruction effectively
5. Integrates technology into instruction
G. SCHOOL IMPROVEMENT

Takes an active role in building-level decision making
Participates in grade level and subject area curriculum planning and evaluation
Serves on task forces and decision making committees, when appropriate
Implements school improvement plan
Creates partnerships with parents/caregivers and colleagues
Provides clear and timely information to parents/caregivers and colleagues regarding classroom expectations, student progress, and ways they can assist learning
Encourages parents/caregivers to become active partners in their children’s education and to become involved in school and classroom
Seeks community involvement in instructional program

H. PERSONAL TRAITS

Exhibits:
- Poise and self-confidence
- Enthusiasm and optimism
- Punctuality
- Dependability
- Flexibility
- Acceptable speech and grammar
- Effective communication with students, colleagues, and other adults
- Confidential and ethical handling of information regarding students acquired in the course of professional service
- Openness in examining counselor techniques
- Willingness to continue the development of counseling skills
- Unbiased attitude regarding race, sex, creed, religion or disability
- Accepts commendations and recommendations

II. GUIDANCE COUNSELOR’S PERFORMANCE AT THIS TIME IS:
- Satisfactory
- Needs Improvement
- Unsatisfactory

III. IMPLEMENTATION OF THE PROFESSIONAL GROWTH PLAN

Progress toward achievement of the Professional Growth Plan is:
- Minimal
- Satisfactory
- Has reached completion

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>S</td>
<td>NI</td>
</tr>
</tbody>
</table>

### VISION

1. Works collaboratively with the school community to develop and maintain a shared school vision
2. Brings the school vision to life by using it to guide decision making about students and the instructional programs
3. Maintains faculty focus on developing learning experiences that will enable students to prosper in subsequent grades and as adults
4. Maintains open communication with the school community and effectively conveys high expectations for students learning to the community
5. Provides opportunities and support for collaboration, the exchange of ideas, experimentation with innovative teaching strategies, and ongoing school improvement
6. Monitors, assesses, and revises the school vision and goals as needed
7. Fosters the integration of students into mainstream society while valuing diversity

### TEACHING AND LEARNING

1. Recognizes, models, and promotes effective teaching strategies that enable students to apply what they learn to real world experiences
2. Encourages and supports the use of both innovative, research-based teaching strategies to engage students actively in solving complex problems and methods of student assessment which will enhance learning for all students
3. Conducts frequent classroom visits and periodic observations, provides constructive feedback to faculty and staff, and suggests models of effective teaching techniques when needed
4. Fosters a caring, growth-oriented environment for faculty and students, one in which high expectations and high standards for students achievement are emphasized
5. Promotes collaboration and team building among faculty

### SCHOOL MANAGEMENT

1. Maintains a safe, secure, clean, and aesthetically pleasing physical school plant
2. Establishes and/or implements laws, policies, regulations, and procedures that promote effective school operations
3. Maintains a positive school environment where proper student discipline is the norm
4. Manages fiscal resources responsibly, efficiently, and effectively and monitors whether others do as well
5. Manages human resources responsibly by selecting and inducting new personnel appropriately, assigning and evaluating all staff effectively, and taking other appropriate steps to build an effective school staff
6. Monitors support services such as transportation, food, health, and extended care responsibly
7. Provides and coordinates appropriate co-curricular and extra-curricular activities
8. Uses shared decision making effectively in the management of the school
9. Manages time and delegates appropriate administrative tasks to maximize attainment of the school goals
10. Uses available technology effectively to manage school operations
11. Monitors and evaluates school operations and uses feedback appropriately to enhance effectiveness

SCHOOL IMPROVEMENT
1. Provides ongoing opportunities for staff to reflect on their roles and practices in light of students standards and school goals
2. Grows professionally by engaging in professional development activities and making such activities available to others
3. Facilitates school-based research and uses these and other research findings to plan school improvement initiatives, pace the implementation of these changes, and evaluate their impact on teaching and learning
4. Fosters the genuine continuous involvement and commitment of the school community in promoting the progress of all students toward attaining high standards
5. Enhances school effectiveness by appropriately integrating the processes of teacher selection/evaluation and professional development with school improvement

PROFESSIONAL DEVELOPMENT
1. Communicates a focused vision for both school and individual professional growth
2. Uses research and data from multiple sources to design and implement professional development activities
3. Secures the necessary resources for meaningful professional growth, including the time for planning and the use of emerging technologies
4. Provides opportunities for individual and collaborative professional development
5. Provides incentives for learning and growth and encourages participation in professional development activities at the national, state, and parish levels
6. Assesses the overall impact of professional development activities on the improvement of teaching and students learning

SCHOOL COMMUNITY RELATIONS
1. Is visible and involved in the community and treats members of the school community equitably
2. Involves the school in the community while keeping the school community informed
3. Uses school-community resources to enhance the quality of school programs, including those resources available through business and industry
4. Recognizes and celebrates school successes publicly
5. Communicates effectively, both interpersonally and through the media

PROFESSIONAL ETHICS
1. Models ethical behavior at both the school and community levels
2. Communicates to others expectations of ethical behavior
3. Respects the rights and dignity of others
4. Provides accurate information without distortion and without violating the rights of others
5. Develops a caring school environment in collaboration with faculty and staff
6. Applies laws, policies, regulations, and procedures fairly, consistently, wisely, and compassionately
7. Minimizes bias in self and others and accepts responsibility for his/her own decisions and actions
8. Addresses unethical behavior in self and others
II. EVALUATEE’S PERFORMANCE AT THIS TIME IS:

Signature indicates that I have read the results of the evaluation, but does not indicate agreement or disagreement with the results.
East Baton Rouge Parish School System
Superintendent Evaluation

Name: ___________________ Evaluator: ___________________

Years in Position 0-3 _ 4+ __ Date: _____________________

Directions: The evaluator is to indicate the appropriate rating of each major topic by placing a circle around the S, NI, or U. The evaluator shall then mark each item under the major headings using (S) to denote satisfactory performance, (NI) to denote needs improvement, and (U) to denote unsatisfactory performance.

A. RELATIONSHIP WITH THE BOARD

The Superintendent:

1. Keeps the board informed on issues, needs and operation of the school system and responds to board members questions and requests for additional information S NI U
2. Provides information and recommendations to the board on items requiring board action
3. Prepares carefully for board meetings
4. Understands role in administration of board policy and interprets and executes the intent of board policy
5. Supports board policy and actions to the staff and public
6. Has a constructive working relationship with the board, working impartially with board members in attempting to resolve differences of opinion when they arise
7. Feels free to maintain position on matters under consideration by board until board action approves a different position, then supports board decision
8. Accepts responsibility for maintaining understanding and respect between the board and the staff
9. Makes recommendations for the employment and promotion of personnel according to adopted policy, and when a personnel recommendation is not supported by the board, finds another person to recommend
10. Receives recommendations regarding personnel from board members with an open mind and continues to apply the appropriate criteria in making selections for recommendation to the board

B. COMMUNITY RELATIONS

The Superintendent:

1. Gains respect and support of the community in the conduct of the operation of the school system S NI U
2. Gives attention and consideration to the concerns and thinking of individuals and groups in the community
3. Develops cooperative working relationships with the news media and works well with them
4. Participates actively in community life and affairs
5. Maintains good relations with governmental and educational leaders

C. STAFF AND PERSONNEL RELATIONSHIP

The Superintendent:

1. Develops and executes sound personnel procedures and practices S NI U
2. Works to improve staff morals and loyalty to the organization
3. Treats all personnel fairly without favoritism or discrimination
4. Delegates duties and responsibilities to staff members appropriate to the position each holds
5. Encourages participation of appropriate staff members and groups in planning procedures and policy implementation
6. Evaluates performance of staff members giving commendations for good work as well as constructive suggestions for improvement
7. Takes an active role in development of salary schedules for all personnel and recommends to the board the levels which, within budgetary limitations, will best serve the interests of the school system

(continued on page 2)
D. **EDUCATION LEADERSHIP**

*The Superintendent:*
1. Understands and keeps informed regarding all aspects of the instructional program in implementing the school system’s philosophy of education
2. Participates with the staff, board and community in planning, developing and studying curriculum improvement and evaluation
3. Provides democratic procedures and exemplifies the skills of master teacher in utilizing the abilities and talents of the entire professional staff and laypersons of the community

E. **BUSINESS AND FINANCE**

*The Superintendent:*
1. Keeps informed on needs of the school program – plant facilities, equipment and supplies
2. Supervises operations, insisting on competent and efficient performance
3. Manages the business and fiscal affairs effectively, maintaining adequate controls and accounting
4. Evaluates financial needs and makes recommendations for adequate financing

F. **PERSONAL QUALITIES**

*The Superintendent:*
1. Maintains high standards of ethics, integrity and grooming in all personal and professional matters
2. Earns respect and standing among colleagues by attending conferences, visiting other districts, meeting with other superintendents, reading current educational materials and working on professional committees
3. Devotes time and energy effectively to the position
4. Possesses the health necessary to meet the responsibilities of the position
5. Demonstrates ability to work well with individuals and groups by exercising good judgement and utilizing the democratic process

G. **SUPERINTENDENT'S PERFORMANCE AT THIS TIME IS (Check one)**

- Satisfactory □
- Needs Improvement □
- Unsatisfactory □

H. **COMPLETION OF SELF-EVALUATION**

Yes □
No □

I. **IMPLEMENTATION OF THE PROFESSIONAL GROWTH PLAN:**

Progress toward achievement of Professional Growth Plan –
- Is Minimal __________
- Is Satisfactory __________
- Has reached completion __________

SECTION 9.0. JOB DESCRIPTIONS  (See attached)

East Baton Rouge Parish will submit a copy of all job descriptions. The minimum scope of development for job descriptions by EBR is as follows:

Administration
1) Superintendents
2) Assistant Superintendents
3) Associate Superintendents
4) Executive Assistant
5) Executive Directors
6) Directors
7) Supervisors
8) Principals
9) Assistant Principals
10) Any employee whose position does not require certification but does require a minimum education attainment of a bachelor’s degree from an accredited institution of higher learning.
11) Any employee whose position requires certification, but whose position is not given in this list.
12) Any employee who holds a major management position, but who is not required to have college degree or certification.
13) The annual renewal and/or receipt of job descriptions will be in the official personnel files.

Instructional
1) Classroom Teacher
2) Special Education Teacher
3) Special Projects Teacher (Example: Chapter I)

Support Services
1) Guidance Counselors
2) Librarians
3) Therapists
4) Any employee whose position does not require certification but does require a minimum educational attainment of a bachelor’s degree form an accredited institution of higher learning.
All certified and professional personnel shall be provided with his/her job description prior to the beginning of his/her first employment.

* Job descriptions for instructional personnel must include the Louisiana Components of Effective Teaching as part of the performance responsibilities. Job descriptions for building-level administrators must include the Standards for School Principals in Louisiana as part of the performance responsibilities.
SECTION 10.0 EMPLOYMENT REQUIREMENTS

I am aware that my previous employers will be contacted to request my evaluation results. I am aware that I have the right to review the information received and to provide any response or information that I deem appropriate. I am aware that the East Baton Rouge Parish School Board is required to provide, upon request, evaluation results of persons that other school systems may wish to hire.

In compliance with R.S. 17:391.5H, the following evaluation results are being provided for the person named above. This employee left the employment of the East Baton Rouge Parish School System with the performance rating of:

_______ SATISFACTORY  _______ LESS THAN SATISFACTORY

Signature of Personnel Director
SECTION 11.0. EVALUATION EXEMPTION

"R.S. 17:391.5 (1) REQUIRES THAT ANY TEACHER EVALUATED PURSUANT TO THE TEACHING INTERNSHIP LAW OR THE CHILDREN FIRST ACT SHALL BE EXEMPT FROM THE EVALUATION MANDATED BY THE ACCOUNTABILITY PROVISIONS IN THE YEAR IN WHICH SUCH EVALUATION OCCURS. THE EXEMPTION SHALL NOT SUPERSEDE OR BE INTERPRETED IN ANY MANNER TO INTERFERE WITH THE RIGHT AND DUTY OF A SCHOOL PRINCIPAL OR OTHER APPROPRIATE SCHOOL SYSTEM EMPLOYEE AS DESIGNATED BY A CITY OR PARISH SCHOOL BOARD TO OBSERVE AND EVALUATE TEACHERS IN THE PERFORMANCE OF THEIR DUTIES."

*The Evaluation Exemption Section conforms to the guidelines listed below:

1) Teachers assessed under the Teaching Internship Law or Children First Act are exempt from the accountability evaluation required by law during the year(s) that they are assessed.

2) This exemption shall not interfere with the right and duty of the assigned administrator to observe and evaluate the teachers in the performance of their duties.

3) East Baton Rouge Parish maintains the right to make employment decisions.
SECTION 12.0 STATEMENT OF ASSURANCE

It is assumed that the East Baton Rouge Parish Personnel Evaluation Program has been reviewed and revised by a committee of educators elected by their peers and is in compliance with Acts 9, 506, 621, R.S. 17:391.5, R.S. 17:24.3 and R.S. 17:391.10 of the Louisiana Legislative as outlined in the Guidelines for Personnel Evaluation Bulletin 1525 revised September 1992 and March 1994.

This plan has been approved by the East Baton Rouge Parish School Board and will be implemented as written.

Plan revised May 1999

Dr. Gary S. Mathews, Superintendent
East Baton Rouge Parish School System

Date: 5/19/00

Mr. Roger Moser, President
East Baton Rouge Parish School System

Date: 5/19/00
APPENDIX A

LOUISIANA COMPONENTS OF EFFECTIVE TEACHING

DOMAIN I. PLANNING

Planning is an important aspect of the teaching/learning process and is primarily a mental activity. As a result, a pre-conference is essential to discuss plans and the learning environment. Assessment should be made following the pre-conference. The focus of the pre-conference is to be on the components and attributes in the planning domain and any additional teacher-supplied information. Daily written plans should follow local policy. It is the recommendation of this panel that written planning does not go beyond what is required by the local school district.

COMPONENT A. The teacher plans effectively for instruction.

ATTRIBUTES:

1. Specifies learner outcomes in clear, concise objectives

   It is not necessary to specify different objectives for each child or groups of children.

2. Includes activity/activities that develop objectives

   A required number of activities is not specified because this decision must be made by the teacher.

3. Identifies and plans for individual differences

   It is not necessary to specifically describe ways individual differences are to be met in written plans. This will be discussed in the pre-conference.

4. Identifies materials, other than standard classroom materials, as needed for lesson

   Standard classroom materials include such things as textbooks, chalkboard, pencils, paper, etc.

5. States method(s) of evaluation to measure learner outcomes

   Evaluation may be formal or informal.

6. Develops an Individual Educational Program (IEP), ITP, and/or IFSP*

   The Individual Educational Plan (IEP), Individual Transitional Plan (ITP), and/or Individual Family Service Program (IFSP) will meet state guidelines.

*For special education teachers only.
DOMAIN II. MANAGEMENT

Management is the organization of the learning environment and maintenance of student behavior. Focus should be placed on teacher behavior.

COMPONENT A. The teacher maintains an environment conducive to learning.

ATTRIBUTES:

1. Organizes available space, materials, and/or equipment to facilitate learning
2. Promotes a positive learning climate

COMPONENT B. The teacher maximizes the amount of time available for instruction.

ATTRIBUTES:

1. Manages routines and transitions in a timely manner
2. Manages and/or adjusts allotted time for activities planned

COMPONENT C. The teacher manages learner behavior to provide productive learning opportunities.

ATTRIBUTES:

1. Establishes expectations for learner behavior
2. Uses monitoring techniques to facilitate learning

This may include reinforcing positive behavior, redirecting disruptive behavior, as well as other methods.
DOMAIN III. INSTRUCTION

The teacher, as the knowledge professional, is the person best suited to determine effective instruction for his/her classroom.

It is the responsibility of the observer to discuss the lesson with the teacher for clarification. It is important that the observer understand that variations in the lesson may occur during delivery and that the teacher makes adjustments as necessary to accommodate the needs and responses of students. The post-conference should provide an opportunity for the teacher to present his/her rationale for any modifications during the lesson.

The observer must take into account the individual plans of ACT 504, special education regulations, and any other identifiable groups.

COMPONENT A. The teacher delivers instruction effectively.

ATTRIBUTES:

1. Uses technique(s) which develop(s) lesson objective(s)
   Technique(s) may include teacher-directed activity/activities or student-centered activity/activities

2. Sequences lesson to promote learning
   Sequencing means that the teacher initiates, develops, and closes the lesson with continuity.

3. Uses available teaching material(s) to achieve lesson objective(s)

4. Adjusts lesson when appropriate

5. The teacher integrates technology into instruction

COMPONENT B. The teacher presents appropriate content.

ATTRIBUTES:

1. Presents content at a developmentally appropriate level
   The teacher is knowledgeable of the content and relates it to the abilities and interests of the students.

2. Presents accurate subject matter

3. Relates relevant examples, unexpected situations, or current events to the content.
COMPONENT C. The teacher provides opportunities for student involvement in the learning process.

ATTRIBUTES:

1. Accommodates individual differences

   The teacher recognizes that students perform at different levels and provides opportunities for them to become involved. There are many ways of accommodating individual differences among children. Some of these are not always evidenced in observations, but in the planning. It may be necessary for the observer to ask the teacher for clarification of this in the post-conference.

2. Demonstrates ability to communicate effectively with students

3. Stimulates and encourages higher order thinking at the appropriate developmental levels

4. Encourages student participation

COMPONENT D. The teacher demonstrates ability to assess and facilitate student academic growth

ATTRIBUTES:

1. Consistently monitors ongoing performance of students

2. Uses appropriate and effective assessment techniques.

   Assessing student performance may include formal and/or informal assessment procedures, as well as formative and summative. Feedback may be verbal or non-verbal.

3. Provides timely feedback to students

4. Produce evidence of student academic growth under his/her instruction
DOMAIN IV. PROFESSIONAL DEVELOPMENT  
(NON-PERFORMANCE)

Professional development is not a performance component. It provides the opportunity for the teacher to use the evaluation process as a professional development plan. Just as children use different modes of learning, teachers also need to use a variety of channels to achieve professional development. The professional development plan may include a variety of ways in which teachers can engage in growth activities. The successful teacher shall not be mandated to participate in any one specific growth activity.

During the post-observation conference, the principal/designee and the teacher will set a date to discuss the proposed professional self-development plan for the teacher.

COMPONENT A. The experienced teacher plans for professional self-development.

These recommended activities are not limited to but may include being a mentor teacher; developing curriculum; delivering inservices; serving on textbook committees; developing teaching materials; promoting positive public relations; serving on SACS committees; reading professional literature; conducting research; evaluating programs; participating in workshops, conferences, professional organizations, school-based activities, classroom observation of peers, and parent/teacher organizations, etc. These activities will be monitored on the local level.

If an experienced teacher does not perform satisfactorily, an intensive assistance plan shall be developed.

COMPONENT B. The new teacher plans for professional self-development.

The intent of Component B is that the intern teacher will concentrate on necessary improvements in Domains I, II, III, and/or V as agreed upon with his/her principal and other members of the support/assistance team.

If through the assessment process the new teacher does not demonstrate competence in Domains I, II, III, and/or V, a professional growth plan shall be developed which concentrates on the necessary improvements.

If through the assessment process the new teacher has demonstrated competence in Domains I, II, III, and V, the new teacher may select to engage in self-selected growth activities as outlined in Component A of Domain IV.
DOMAIN V. SCHOOL IMPROVEMENT

Component A. The teacher takes an active role in building-level decision making

Attributes:

1. Participates in grade level and subject area curriculum planning and evaluation
2. Serves on task forces and decision-making committees, when appropriate
3. Implements school improvement plan

Component B. The teacher creates partnerships with parents/caregivers

Attributes:

1. Provides clear and timely information to parents/caregivers and colleagues regarding classroom expectations, students progress, and ways they can assist learning
2. Encourages parents/caregivers to become active partners in their children’s education and to become involved in school and classroom
3. Seeks community involvement in instructional program
APPENDIX B

PHILOSOPHICAL STATEMENT ON THE ROLE OF PRINCIPALS/ADMINISTRATORS

The effective principal/administrator works with staff to set a clear school mission aligned with the local school district mission and to develop goals for achieving that mission. These goals set high expectations and create challenges for all members of the school community as they maintain their focus on the real purpose of the school, the enhancement of student learning. Learning is enhanced not only in the essential basic skill areas, but in all aspects of the broader school curriculum.

The effective leader maintains a safe and orderly school environment and creates a positive atmosphere where staff members are empowered to make decisions collaboratively. The principal/administrator molds a culture that reflects the community around it and utilizes community resources in the process.

Outstanding principals/administrators are visible, positive role models who are respected by staff, students, and the school community. They are learners and thus encourage by example the learning and professional development of those around them. They promote leadership in others so all can learn to lead. They are fair and consistent, yet flexible enough to take risks when creative solutions to problems hold promise.

PURPOSE OF PRINCIPAL EVALUATION

A. School Improvement: to promote the improvement of school programs and the enhancement of student learning.

B. Professional Growth and Development: to foster the professional growth and development of new and continuing principals.

C. Accountability: to insure that only effective principals continue in that role in school districts.

The following is a minimum list of proficiencies that are considered necessary by the East Baton Rouge Parish School System’s Steering Committee.

PROCEDURES FOR PRINCIPAL/ADMINISTRATOR EVALUATION

1. Review of the position description, East Baton Rouge Parish School System’s goals, individual school’s current Action Plan, and Professional Growth Plan must occur with the evaluator of record.

2. Observations will be conducted by the designated evaluator.

3. Principals/Administrators with 0-3 years of experience in their present position will be observed at least two (2) times each year and as the need arises. Principals/Administrator with four (4) or more years of experience in their present position will be observed twice during year 1 and once during years 2 and 3, and as the need arises.

4. When a minimum of two (2) observations is required, one will be conducted in the fall and the other in the spring.
PROCEDURES FOR PRINCIPAL EVALUATION (cont.)

5. The Certificated Professional Employee Observation Form (EBR 6.4) will be used for observations.

6. A post-observation conference is held to discuss and analyze progress being made toward the fulfillment of the goals and expectations described in the job description, current Action Plan and Professional Growth Plan. Recommendations and commendations are to be discussed and documented on (EBR 6.4).

7. Follow-up may be conducted to reinforce acceptable positive practices and to determine how recommendations have impacted the quality of the school instructional program and school climate.

8. Within fifteen (15) working days following an observation, a post-observation conference will be held with the principal/administrator being evaluated. The items on the observation form will be discussed and analyzed. During this conference, the principal/administrator evaluatee is given the opportunity to give input on commendations and recommendations. After the signatures of the evaluator and evaluatee have been affixed and dated, the evaluatee will receive a copy of the completed form.

9. The observation form (EBR 6.4) will be filed in the evaluator’s office until the appropriate evaluation form has been completed. The observations forms will be attached to the evaluation form and filed in the single official personnel file in the Human Resources Department.

10. If professional assistance is necessary, it shall be discussed by the evaluator and the evaluatee during the post-observation and evaluation conference. The Employee Intensive Assistance Program (EBR 6.8 A/B) must be initiated within five (5) working days after the conference.

11. The Self-Evaluation aspect of the evaluation process will be addressed during the spring conference. Evaluations will be completed (EBRP 6.6) by June 15th of each year.
Standards for Principals in Louisiana, 1998

Standard #1 – Vision:

The principal engages the school community in developing and maintaining a student-centered vision for education which forms the basis for school goals and guides the preparation of students as effective, lifelong learners in a pluralistic society.

Standard #2 – Teaching and Learning:

The principal uses a knowledge of teaching and learning in working collaboratively with the faculty and staff to implement effective and innovative teaching practices which engage students in meaningful and challenging learning experiences.

Standard #3 – School Management:

The principal promotes the success of all students by ensuring management of the organization, operations, and resources for a safe and orderly learning environment.

Standard #4 – School Improvement:

The principal works with the school community to review data from multiple sources to establish challenging standards, monitor progress, and foster the continuous growth of all students.

Standard #5 – School-Community Relations:

The principal uses an understanding of the culture of the community to create and sustain mutually supportive school-community relations.

Standard #6 – Professional Development:

The principal works collaboratively with the school faculty and staff to plan, implement professional development activities that promote both individual and organizational growth and lead to improved teaching and learning.

Standard #7 – Professional Ethics:

The principal demonstrates honesty, integrity, and fairness to guide school programs in an ethical manner.
Elaborated Standard:  Vision

Vision: The principal engages the school community\(^1\) in developing and maintaining a student-centered vision for education which forms the basis for school goals and guides the preparation of students as effective, lifelong learners in a pluralistic society.

Knowledge and Skills

The principal has knowledge, skills, and understanding of:

- a “preferred” future\(^2\) regarding the success of all students;
- group process strategies for molding the diverse values and expectations of the school community into a shared understanding of desires student outcomes;
- theories of child and human development, the teaching-learning process, and models of and process for on-going school improvement; and
- relevant research findings and strategies for using data to develop and maintain the school vision.

Depositions

The principal believes in, values, and commits to

- the centrality of students to the school vision and goals;
- involving the school community in establishing the school vision and goals;
- respecting the existing school and community cultures while working for changes that improve outcomes for all students;
- stewardship of the school vision, and sponsorship of school goals; and
- enabling students to think critically about complex issues.

\(^1\)school community – individuals who have interests in or are affected by events at the school, including administrators, faculty, staff, students, parents, and external community members, such as those associated with business, civic, and service organizations, etc.

\(^2\)preferred future – an understanding and conviction conveyed to teachers and students that opportunities available to students are not limited.
Performances

The principal demonstrates the ability to

- work collaboratively with school community to develop and maintain a shared school vision;
- bring the school vision to life by using it to guide decision making about students and the instructional programs;
- maintain faculty focus on developing learning experiences that will enable students to prosper in subsequent grades and as adults;
- maintain open communication with the school community and effectively convey high expectations for student learning to the community;
- provide opportunities and support for collaboration, the exchange of ideas, experimentation with innovative teaching strategies, and ongoing school improvement;
- monitor, assess, and revise the school vision and goals as needed; and
- foster the integration of students into mainstream society while valuing diversity.
Elaborated Standard: Teaching and Learning

Teaching and Learning: The principal uses a knowledge of teaching and learning in working collaboratively with the faculty and staff to implement effective and innovative teaching practices which engage students in meaningful and challenging learning experiences.

Knowledge and Skills

The principal has knowledge, skills, and understanding of

- research and theories related to teaching and learning, curriculum development and integration, and motivation;
- methods for effectively communicating high standards and high expectations for student achievement;
- strategies for creating an empowering environment that supports innovative teaching and powerful learning⁴;
- supervisory and observational techniques that promote effective teaching and learning in a growth oriented environment
- authentic, psychometrically sound⁴, methods for assessing student learning
- emerging technologies and their use in enhancing student learning

---

³ powerful learning – learning that occurs when students are proactive in developing skills through intrinsically challenging activities that build both cognitive and affective skills, and that require both group work and individual effort (adapted from Levin, H. (1996). Accelerated schools: The background (pp. 3-23). In C. Finnan, E. P. St. John, J. McCarthy, and S. P. Slovacek (Eds). Accelerated schools in action: Lessons from the field, Thousand Oaks, CA: Corwin)

⁴ psychometrically sound – data that are valid and reliable; refers to data from tests and other forms of assessment.
Dispositions

The principal believes in, values, and commits to

☐ all children learning at high levels,

☐ excellence and life-long learning,

☐ collaborative development of teaching strategies and curricular modifications that ground student learning in real-world situations and promote critical thinking, and

☐ developing a caring environment that nurtures teaching and learning.

Performances

The principal demonstrates the ability to

☐ recognize, model, and promote effective teaching strategies that enable students to apply what they learn to real world experiences;

☐ encourage and support both the use of innovative, research-based teaching strategies to engage students actively in solving complex problems and methods of student assessment which will enhance learning for all students;

☐ conduct frequent classroom visits and periodic observations, provide constructive feedback to faculty and staff, and suggest models of effective teaching techniques when needed;

☐ foster a caring, growth-oriented environment for faculty and students, one in which high expectations and high standards for student achievement are emphasized; and

☐ promote collaboration and team building among faculty.
Elaborated Standard: School Management

School Management: The principal promotes the success of all students by ensuring management of the organization, operations, and resources for a safe and orderly learning environment.

Knowledge and Skills

The principal has knowledge, skills, and understanding of

☐ organizational theory and principles of organizational development;

☐ human resources management and development, including related/support/ancillary services;

☐ local, state, and federal laws, policies, regulations, and procedures;

☐ sound fiscal procedures and practices;

☐ time management to maximize the effectiveness of the organization; and

☐ current technologies that support management functions.

Dispositions

The principal believes in, values, and commits to

☐ building a safe, orderly environment;

☐ upholding local, state, and federal laws, policies, regulations, and procedures, including being fiscally responsible and ensuring quality support services;

☐ upholding high standards in the day-to-day operations of the school and using current technology;

☐ making management decisions to enhance learning and teaching; and

☐ involving members of the school community\(^5\) in shared decision-making processes.

\(^5\)School community — individuals who have interests in or area affected by events at the school, including administrators, faculty, staff, students, parents, and external members, such as those associated with business, civic, and service organization, etc.
Performances

The principal demonstrates the ability to

- maintain a safe, secure, clean, and aesthetically pleasing physical school plant;
- establish and/or implement laws, policies, regulations, and procedures that promote effective school operations;
- maintain a positive school environment where proper student discipline is the norm;
- manage fiscal resources responsibly, efficiently, and effectively and monitor whether others do so as well;
- manage human resources responsibly by selecting and inducting new personnel appropriately, assigning and evaluating all staff effectively, and taking other appropriate steps to build an effective school staff;
- monitor support services such as transportation, food, health, and extended care responsibly;
- provide and coordinate appropriate co-curricular and extra-curricular activities;
- use shared decision making effectively in the management of the school;
- manage time and delegate appropriate administrative tasks to maximize attainment of the school goals;
- use available technology effectively to manage school operations; and
- monitor and evaluate school operations and use feedback appropriately to enhance effectiveness.
Elaborated Standard: School Improvement

School Improvement: The principal works with the school community to review data from multiple sources to establish challenging standards, monitor progress, and foster the continuous growth of all students.

Knowledge and Skills

The principal has knowledge, skills, and understanding of

- methods by which information from various sources can be used to establish challenging standards for self, faculty, students, and the school;
- strategies for monitoring progress toward reaching the standards established;
- professional literature related to teaching, learning, curriculum, organizational and staff development, and change processes;
- the school culture, community expectations, and the strengths and weaknesses of self, faculty, students and community; and
- methods of data collection, analysis, interpretation, and program evaluation.

Dispositions

The principal believes in, values, and is committed to

- empowering others by engaging in collaborative problem solving and decision making, building capacity through staff development, and encouraging divergent perspectives from the school community;
- working toward consensus and compromise among members of the school community, guided by the school vision and goals;
- examining one’s own assumptions, practices, and beliefs in the light of new knowledge;
- accepting limitations and mistakes from self and others while maintaining commitment to the standards established;
- encouraging faculty experimentation in order to maximize opportunities for all students to learn; and
- promoting a school culture that values and promotes individual and collaborative reflection and learning.
Performances

The principal demonstrates the ability to:

☐ provide ongoing opportunities for staff to reflect on their roles and practices in light of student standards and school goals;

☐ grow professionally by engaging in professional development activities and making such activities available to others;

☐ facilitate school-based research and use these and other research findings to plan school improvement initiatives, pace the implementation of these changes, and evaluate their impact on teaching and learning;

☐ foster the genuine continuous involvement and commitment of the school community in promoting the progress of all students toward attaining high standards; and

☐ enhance school effectiveness by appropriately integrating the processes of teacher selection/evaluation and professional development with school improvement.
Elaborated Standard: Professional Development

Professional Development: The principal works collaboratively with the school faculty and staff to plan and implement professional development activities that promote both individual and organizational growth and lead to improved teaching and learning.

Knowledge and Skills

The principal has knowledge, skills, and understanding of

- theories related to motivation, adult learning, and staff development;
- sound pedagogical practices and emerging technologies;
- current trends in terms of social, political and cultural influences on education;
- research, measurement, and assessment strategies;
- organizational learning for school cultures, goal setting, change processes, and group dynamics; and
- resource management.

Dispositions

The principal believes in, values, and is committed to

- lifelong learning for self and others;
- ongoing change processes;
- faculty expertise and collaborative work strategies; and
- fostering creativity and establishing high expectations in self and others.
Performances

The principal demonstrates the ability to

☐ communicate a focused vision for both school and individual professional growth;

☐ use research and data from multiple sources to design and implement professional development activities;

☐ secure the necessary resources for meaningful professional growth, including the time for planning and the use of emerging technologies;

☐ provide opportunities for individual and collaborative professional development;

☐ provide incentives for learning and growth and encourage participation in professional development activities at the national, state, and parish levels; and

☐ assess the overall impact of professional development activities on the improvement of teaching and student learning.
Elaborated Standards: School-Community Relations

School-Community Relations: The principal uses an understanding of the culture of the community to create and sustain mutually supportive school-community relations.

Knowledge and Skills

The principal has knowledge, skills, and understanding of:

- the composition of the school community including relevant demographic statistics and trends, competing issues and values, and available resources;
- successful strategies for establishing positive school-community relations and fostering parental and community participation;
- techniques for promoting the positive aspects of the school and communicating, with the media effectively; and
- effective interpersonal communication skills.

Dispositions

The principal believes in, values, and commits to

- establishing a partnership with the school’s community for mutually supportive relationships;
- promoting the school as an integral part of the community;
- diversity as a strength; and
- promoting the positive aspects of the school, celebrating successes, acknowledging the school’s shortcomings, and involving the community in overcoming problems within the school.
Performances

The principal demonstrates the ability to

- be visible and involved in the community and treat members of the school community equitably;
- involve the school in the community while keeping the school community informed;
- use school-community resources to enhance the quality of school programs, including those resources available through business and industry;
- recognize and celebrate school successes publicly; and
- communicate effectively both interpersonally and through the media.
Elaborated Standard: Professional Ethics

Professional Ethics: The principal demonstrates honesty, integrity, and fairness to guide school programs in an ethical manner.

Knowledge and Skills:

The principal has knowledge, skills, and understanding of

- various perspectives on ethics;
- his/her own principled convictions about what is best for students and the ethical implications of those convictions;
- relevant laws, policies, regulations, and procedures and the relationship of these to protecting the rights of individuals; and
- ethical means for improving school programs.

Dispositions

The principal believes in, values, and commits to

- being accurate in providing information while respecting the rights of others;
- caring for the feelings of others;
- principled action in upholding the substance of laws, policies, regulations, and procedures; and
- using the influence of the principalship constructively and productively in the service of all students.
Performances

The principal demonstrates the ability to:

☐ model ethical behavior at both the school and community levels;

☐ communicate to others expectations of ethical behavior;

☐ respect the rights and dignity of others;

☐ provide accurate information without distortion or violating the rights of others;

☐ develop a caring school environment in collaboration with the faculty and staff;

☐ apply laws, policies, regulations, and procedures fairly, consistently, wisely, and compassionately;

☐ minimize bias in self and others and accept responsibility for his/her own decisions and actions; and

☐ address unethical behavior in self and others.
