### PARENTAL CONSENT FORM FOR ATHLETICS - 2021-2022

I have been informed that my son/daughter desires to participate in athletics this year, and he/she has my consent to do so. In signing this form, I understand that he/she will participate in sport activities where there is the possibility of injury, ranging from minor to severe. I also understand that he/she must meet certain eligibility requirements set by the Elementary Recreation Athletic Association and the East Baton Rouge Parish School Board. I am also willing to abide by those rules as administered through the athletic association and the school staff.

I hereby give my consent for the above-named student to represent <u>Elementary School</u> in his/her sport and for him/her to accompany the team on athletic trips. This may include games, practices and scrimmages.

I understand my child must submit to their coach a LHSAA Medical History (Physical) Form (dated July 1, 2021 to present for the 2021-2022 school year). A copy of the physical exam will be good for all sports during the 2021-2022 year and will be kept on file in the designated location. THE MEDICAL EXAM MUST BE ADMINISTERED AND SIGNED BY A MEDICAL DOCTOR OR LICENSED NURSE PRACTIONER BEFORE MY CHILD IS ALLOWED TO PRACTICE OR COMPETE.

The student must have health insurance before being eligible to participate in elementary school athletics. A copy of the student's insurance card must be given to the coach and placed in my child's folder.

The school system offers (for purchase) the voluntary student accident insurance that will cover your child for athletics in case of an injury. A Declaration Declining Student Accident Insurance Form must be signed if you do not wish to purchase this voluntary student accident insurance. Go to <u>www.studentinsurance-kk.com</u>; under parents, click Purchase Coverage; type in East Baton Rouge and enter LA; click View Insurance Products/Purchase Coverage; click Buy Online Now with a Debit or Credit Card or Print and Pay by Check.

# Concussion: Statement of Student-Athlete Responsibility and Parent Awareness - Louisiana Youth Concussion Act 314

### What is a Concussion?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

#### **Facts about Concussions**

- 1. A concussion is a serious brain injury
- 2. Concussions can occur without a loss of consciousness or other obvious signs
- 3. Concussions can occur from blows to the body as well as to the head
- 4. Concussions can occur in any sport
- 5. Athletes can still get a concussion even if they are wearing a helmet
- 6. Recognition and proper response to concussions when they first occur can help prevent further injury or even death.

#### Symptoms Reported by Athlete:

Headache or "pressure" in head Balance problems or dizziness Sensitivity to light or noise Feeling sluggish, hazy, foggy or groggy Just not "feeling right" or is "feeling down" Concentration or memory problems

Nausea or vomiting Double vision Confusion Blurry vision

# FOR more information:

cdc.gov/concussion

#### Signs Observed by Parents, Friends, Teachers, or Coaches

0	· · · <b>/</b> · · · · · · · ·
Appears dazed or stunned	Loses Consciousness (even briefly)
Is confused about what to do	Moves clumsily
Forgets plays or instruction	Answers questions slowly
Is unsure of game, score, or opponent	Shows mood, behavior, or personality changes
Can't recall events prior to hit or fall	Can't recall events after hit or fall
Concussion Danger Signs	
One pupil larger than the other	Is drowsy or cannot be awakened
A headache that get worse	Weakness, numbness, or decreased coordination
Repeated vomiting or nausea	Slurred speech
Convulsions or seizures	Cannot recognize people or places
Has unusual behavior	Becomes increasingly confused, restless, or agitated

Loses consciousness (even a brief loss of consciousness should be taken seriously)

Signs and symptoms of a concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If an athlete reports one or more symptoms of a concussion listed above after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury and until a health care professional. Experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

### Statement of Student Athlete Responsibility

I accept responsibility for reporting all injuries and illnesses to the coach and parent(s) including any signs and symptoms of a Concussion. I have read and understand the above information on concussions.

Student Printed Name \_\_\_\_\_ Student's Signature \_\_\_\_\_

As a parent of the above-mentioned student, I am also aware of the issues concerning concussions as mentioned in this document and agree to adhere to these guidelines.
