#### **Hospital/Homebound Placement Procedures**

OVERVIEW: The East Baton Rouge Parish School System (EBRPSS) provides an alternative for all students (regular education, students with disabilities and 504 students) having a permanent or temporary medical illness/condition that substantially limits one or more major life activities.

The Hospital Homebound Program provides an alternative for students with a medical illness/condition that impacts their class work and ability to attend school for a designated period of time, as agreed upon by the Physician or Individual Education Program (IEP) Committee.

Before the decision to place a student in the Hospital Homebound Program, the following steps must be utilized by the <u>school</u> and <u>family</u> through the attached application process.

#### East Baton Rouge Parish School System Hospital/Homebound Program Screening Form (HH1)

**NOTE:** This HH1 Screening Form should be completed by the school's Guidance Counselor.

Questions/Concerns Re: Hospital/Homebound Program

Call (225) 929.8601 or Fax: (225) 929-8775

The purpose of the HH1 is to determine via the School Building Level Committee (SBLC) whether the student should be referred for Hospital Homebound (HH) Services. Completing this form does not guarantee that a student will receive HH Services. If the SBLC determines that the student may qualify for HH Services, then the *Application for Hospital/Homebound Program* shall be completed by the student's physician/psychiatrist verifying the medical condition and submitted directly to the student's school's Guidance Counseling Department or faxed to (225) 929.8775. Student eligibility will be determined upon review of the application.

	SBLC Meeting Date: Contact Information:						
	:Sex: Male/Female Grade:						
Reason for Referral: (Indicate below) Medical Psychological Pregnancy Additional Information:							
Describe the school's documented interventions the (Examples of Interventions: Work Packets/Modified	at were used prior to referring the student for HH Services: School Day/etc.)						
Anticipated duration of HH Services (must include a	beginning date of HH Services and an ending date):						
Does the student have access to a computer with his Email address (must be working and current):							

Schools should submit this HH1 Screening Form to:

ESS Supervisor for Hospital/Homebound Programs Goodwood Administrative Center 6550 Sevenoaks Avenue Baton Rouge, Louisiana 70806

Fax #: (225) 929-8775

### Parent and Student Rules for Homebound

(Please keep a signed copy for future reference)

The parents and student must observe the following rules once a homebound teacher has been assigned. Failure to observe these regulations could result in the withdrawal of this special service.

- 1. One of the student's parents or a responsible adult over 18 yrs. old must be present in the home or assigned location for the duration of a homebound session. The homebound teacher will not remain in the home if uncomfortable with the adult left in charge.
- 2. A parent/guardian of the homebound student is responsible for picking up textbooks from school. Supplies are also the responsibility of the parent. At no time will the homebound teacher be required to transport books to and from schools. The homebound teacher provides the assignments and instruction.
- 3. Student and teacher are not to be interrupted during the instructional period.
  - Members of family must remain out of the room during the class period to minimize distractions unless stipulations have been made by the parent that will hinder adequate service delivery (refer to disclosure form).
  - > A quiet setting without TV or radio will enhance the learning experience for your child. Please provide a quiet and clean environment. Frequent interruptions due to visitors, phone calls, etc. interfere with instruction and should be limited.
  - > In order to maintain a healthy environment for the student and teacher, please refrain from smoking in the house during homebound sessions. A parent should notify the teacher if animals are in or around the home.
- 4. <u>Independent home study</u> is essential for the student to maintain his/her class standing. It then becomes the student's responsibility, under the supervision of the parent/guardian, to complete the work which has been assigned. An assigned lesson not completed is a loss of valuable time for the student and a loss of limited time the homebound teacher has to spend with your child. Therefore, the parent/guardian is also responsible for:
  - assuring the student will be available and appropriately dressed and ready to participate with the homebound teacher:
  - > helping a younger student set up a daily schedule that provides a specific time and place in the home where the student can work on his/her assignments; and
  - > checking that assignments are completed. This will demonstrate to your child that you are genuinely interested in his/her performance and future academic success.
- 5. The parent(s) shall be notified in a timely fashion if the teacher is <u>unable to keep the child's homebound</u> <u>appointment.</u> If your child is unable to receive a lesson at the scheduled time, the parent should inform the homebound teacher as soon as possible. Each <u>unexcused absence</u> will count for two and one half (2½) days absent and reported to Child Welfare and Attendance.
- 6. <u>Emergency evacuation procedures:</u> In case there is an emergency in your home, please develop an evacuation procedure to exit safely from your home or location of homebound instruction. Please inform the homebound teacher of this evacuation plan.
- 7. Observations and evaluations of teachers are necessary and will be conducted during regularly scheduled homebound sessions with or without prior notification.

Failure to observe these regulations can result in the withdrawal of this special service.
