CHARTER SCHOOL CONTRACT: EXHIBIT D
TYPE 1 Charter School Student Enrollment Policies and Procedures

The East Baton Rouge Parish School Board (“EBRPSB”) is committed to ensuring that the student enrollment process in the charter schools it authorizes is **fair, transparent and accessible** to all students and families interested in attending a charter school.

The following describes the student enrollment process, both in terms of policies and procedures, for EBRPSB Type 1 charter schools.

ENROLLMENT POLICY

The Board of Directors must adopt a written student enrollment policy. The policy should include:

- Five-year enrollment plan (including expansion plan for additional grades and number of students served);
- A non-discrimination assurance;
- Eligibility and application requirements (including ages/grades at which the Charter School enrolls, or does not enroll, new students);
- Marketing/outreach/recruitment timeline and activities;
- Due dates for application materials;
- Lottery date and process;
- Instructions for accepting admission if chosen in the lottery; and
- Waitlist procedures.

Per district charter policy, EBRPSB staff will review the Charter School’s approved enrollment policy and any application materials (i.e. written application, recruitment flyer) to ensure consistency with the Louisiana charter school law.

Non-Discrimination Requirement

Charter schools authorized by EBRPSB are public schools and are open to all students eligible for enrollment in a public school. Charter schools may **not** discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, athletic performance, special need, proficiency in the English language or in a foreign language, or academic achievement in admitting students, nor may charter schools set admissions criteria that are intended to discriminate or that have the effect of discriminating on any of these bases.

Enrollment of Students with Disabilities

It is expected that charters schools will enroll students with disabilities in compliance with all applicable law. EBRPSB will monitor all schools for compliance with the law to ensure equal access for ALL students. In admitting students in compliance with applicable law, it is anticipated that a charter school will use reasonable efforts to enroll a percentage of students that is reflective of the number of students with disabilities being served in public schools within the parish in which the Charter School is located. This is not a quota or cap on the enrollment of students with disabilities. All students must be admitted in compliance with applicable law.

Charter Contract of HCS Baton Rouge d/b/a Helix Aviation Academy
Exhibit D

The percentage of students eligible for special education services who are admitted to the Charter School will be reviewed annually based on the percentage of students identified as receiving special education services in schools within the parish in which the Charter School is located. In the event that the Charter School does not enroll a percentage of special education students that is reflective of the percentage of special education students in the parish where the Charter School is located, the provision contained in Exhibit E shall apply.

Required Enrollment of Economically Disadvantaged Students for New Start-Up Type 1 Charter Schools

The charter operator shall comply with the terms of Exhibit E with regard to the enrollment of 'Economically Disadvantaged students. Non-compliance with Exhibits D and E shall be considered a material breach of this agreement.

ENROLLMENT PERIOD

To initiate the enrollment period, the Charter School should:

- Determine the spaces available in each grade based on the Charter School's capacity;
- Set a deadline for accepting student applications. Pursuant to the Louisiana Charter School Law, an application period shall not be less than one month nor more than three months;
- Publicize the application deadline in multiple venues with reasonable notice of at least **one month** before the deadline;
- Set a date for the lottery with reasonable public notice given at least one week prior to the lottery; and
- Set a final date for students to accept enrollment and the actual date of enrollment.

Recommended Practice in Recruiting Students

To meet the requirement of "reasonable notice," the Charter School might:

- Send notification to local non-profits advertising the Charter School and its enrollment process;
- Post notices in various locations across the parish(es);
- Hold well-publicized informational meetings for students and families to learn about the Charter School and its enrollment process; and
- Run advertisements in the city's major commercial and community newspapers.

Application Requirements

As stated above, charter schools may not discriminate in their enrollment practices. At the same time, charter schools have an interest in making sure that prospective students and families understand the mission and focus of the Charter School and that they are interested in being a part of that school community. To that end, charter schools may have application requirements, provided those requirements are not designed, intended, or used to discriminate unlawfully. Meetings with parents/guardians, for example, must be designed to inform them about the Charter School rather than to discourage certain types of students from attending the Charter School.

Acceptable Application Requirements

- Charter school **may** require a written enrollment form that includes basic and general information about the prospective student (i.e. name, address, birth date, last grade completed, prior school attended).
- Charter schools **must** require proof of residency in East Baton Rouge parish charter school (such requirement **may not** be made of homeless students).
- Charter schools **may** require students to successfully complete the grade preceding the grade the student plans to enter.
- Charter schools **may** encourage (not require) parents/guardians to attend informational sessions.

Unacceptable Application Requirements

- Charter schools **may not** require written application is intended to assess the student's aptitude (i.e. essay responses, prior test scores, special education and English language learner identification)
- Charter schools **may not** make statements in meetings that are intended to or have the effect of discouraging parents/guardians of students with disabilities, or English language learners, or any other protected group of students from submitting an application to the Charter School.

Eligibility

In order to be eligible to enroll, a student must live within the geographic boundaries of the East Baton Rouge Parish School System.

Recommended Application Materials

Charter schools should make it as easy as possible for students and families to complete the enrollment application. Toward that end, charter schools should:

- Translate the application in languages spoken by the prospective population to the extent possible.
- Make the application available in multiple locations (i.e. school building, neighboring non-profit organizations, internet/website).

Charter schools are expected to make proactive efforts to reach out to students and families throughout the community in recruiting new students, and to administer their enrollment process in a way that is open, inclusive and fair. Failure to do so may indicate that the Charter School is using its enrollment process to discriminate and may result in sanctions by EBRPSB.

CONDUCTING THE LOTTERY

New Type 1 Charter School

In a new charter school's first year of operation, at the conclusion of the application period, if the applications for students do not exceed the slots available, students applying during the application period shall be admitted. If the total number of eligible applicants exceeds the capacity of a program, class, grade level, or school, admission to the program, class, grade level, or school shall be based on an admissions lottery conducted from among the total number of eligible applicants.

If the percentage of at-risk applicants, as defined herein, does not exceed the required percentage of at-risk students to be enrolled in the charter school, then the BOARD may take action as described in Exhibit E.

Recommended Practice in Conducting Lottery During the First Year of Operation:

- Separate applications by grade level.
- For each grade level, draw names until all slots have been filled.
- If there are more names for a given grade than slots available, continue to pull names and add such names to the Charter School's waitlist in order as pulled.

It is important to note that in subsequent years (Year 2 and thereafter), all charter schools **must**:

- Provide all previously enrolled students (e.g. students that attended the Charter School during its first year of operation) the right to continue to attend the Charter School, provided that the Charter School serves the grade level in which the student should be enrolled.
- Give lottery preferences to siblings of students already enrolled in the charter school.

ENROLLING STUDENTS

Once the lottery is complete, the Charter School should send notifications to each student that submitted an application the status of their application. Students that were chosen in the lottery should be given explicit instructions on how they accept admission to the Charter School and pertinent information regarding the start of the school year.

Acceptance Requirements

Just like the application requirement, the admission acceptance requirement may not in any way discriminate against students and families.

Recommended Acceptance Requirements

The charter school should require a parent or guardian to accept admission to the charter school by notifying the school (providing multiple ways and ample time to do so) of his or her intent to attend.

The charter school must notify EBRPSB of the Charter School's anticipated student enrollment by

Charter Contract of HCS Baton Rouge d/b/a Helix Aviation Academy

Exhibit D

established deadlines. For each student that has accepted enrollment and registered to attend, provide:

- Name
- Address
- Social Security number
- Birthdate
- Grade
- Previous school attended

A school is only required to hold a slot for a child whose parent has not accepted admission for a maximum of two weeks. Seats do not need to be held for students who have not accepted admission and registered to attend at the school. If an admitted student who has registered to attend the school does not attend school for two consecutive weeks, that slot may be released and given to a student on the waitlist.

In such cases, a charter school is required to:

- Notify the parent/guardian of the registered student after five days of missing school to discuss their intent to send their child to the Charter School.
- State that in order for the slot to be held, the student must attend school within the next five days.
- If the student does not attend within those five days, the Charter School may release that particular slot and fill it with a child from the waitlist (if no waitlist exists, the Charter School may receive applications for that slot.)

CHARTER SCHOOL CONTRACT: EXHIBIT E
Required Economically Disadvantaged Percentage Table

- I. **Required At-Risk Percentage:** Pursuant to Louisiana Revised Statute 17:3991(B)(1)(a)(i), the percentage of the total number of students enrolled in a Type 1 charter school based on the October first student membership who are economically disadvantaged and students with exceptionalities as defined in R. S. 17:1942, not including gifted and talented, shall be equal to not less than eighty-five percent of the average percentage of students enrolled in the local public school districts from which the charter school enrolls its students who are economically disadvantaged and shall be equal to not less than eighty-five percent of the average percentage of students enrolled in the local public school districts from which the charter school enrolls its students who have been identified as a student with an exceptionality as defined in R.S. 17:1942, not including gifted and talented. For the purposes of fulfilling the provisions of this Section, the economically disadvantaged and students with exceptionalities percentage for the local public school district shall remain fixed during the term of the approved charter at the percentage which existed during the school year that the charter proposal was approved, or renewed. For the purposes of this contract, including but not limited to Exhibits D and E, the “students with exceptionalities” or “economically disadvantaged” requirements of La. R.S. 17:3991(B)(1)(a)(i) shall apply to and be based upon only students who are not dependent children of permanent employees of the corporate partner.
- II. For the purposes of this contract, including but not limited to Exhibits D and E, the requirements of La. R.S. 17:3991(B)(1)(a)(i) shall apply to and be based upon only students who are not dependent children of permanent employees of the corporate partner, if applicable. Any corrective action will be based on the Charter School’s failure to exercise reasonable efforts to recruit and enroll economically disadvantaged students consistent with the targets contained in the Charter Application. While this language is intended to provide guidance regarding the initiation of corrective action, this does not, and is not intended to limit or impair the Board’s ability to ensure compliance with all applicable laws, policies, and regulations related to the provisions of this Charter contract.

Violation of these requirements shall be considered a material breach of this agreement.

EXHIBIT F: Academic Performance

Student performance is the primary measure of school quality. The BOARD shall use the state's assessment and accountability programs as objective and verifiable measures of student achievement and school performance. Student performance is the primary indicator of school quality; therefore, the BOARD will heavily factor all annual evaluations, contract extensions, renewal and revocation decisions on a school's achievement of the student performance standards

As outlined in the chart provided below, the Charter Operator provided academic goals in its charter application. The Charter School's success in meeting such goals shall be considered as one factor in determining whether the charter school shall be extended, renewed or revoked, in addition to those renewal, extension, and revocation criteria established by state law and BOARD policy. Failure to meet a single measure outlined herein at any point during the charter contract term will not be sole grounds for revocation, nonrenewal, or failure to extend. In every respect, the BOARD will evaluate the totality of the school's performance and make revocation, renewal, or extension decisions pursuant to the provisions of Section 5.4 of the charter contract.
